

True Rest and Blessing from Above

God commanded in Exodus 20:8, "Remember the Sabbath day, to keep it holy." By obeying this we acknowledge that God is the Creator and Master of the spiritual realm which also includes the physical world. As we keep the Sabbath as children of God, He protects us from any difficulties or calamities and gives us blessing.

Elder Daesuk Kim (55, President of 3-3 Men's Mission) and Senior Deaconess Sung-ae Lim (47, Cell Leader of 2 Parish) enjoy endless blessings upon their business and family again. They give thanks to God while looking at their 2 lovely daughters named Miae (24) and Michin (22). Many couples in Manmin Central Church who couldn't have a baby have become parents after receiving the prayer from Dr. Jaerock Lee. And the Kims were the first case.

Lim had failed to have a baby 3 times, and the doctor said her pelvis was too weak to support the baby. After she came to Manmin led by her sister-in-law during her 4th pregnancy in 1985, she found the answer to her problem when Senior Pastor visited her family.

"Keep the Sabbath day and offer the whole tithe. Then God will protect your baby for the next 9 months and your business as well."

From that day, the couple completely kept the Sabbath day holy. Even though Kim, as an interior designer, had to travel around the country, he returned home every Saturday and went back to work after Sunday evening service was finished. He found it was not difficult to live by the word of God who becomes like our 'Father' when we follow His word. Many testimonies of amazing healing works taking place at Manmin Church each week helped him have faith.

Senior Deaconess Lim showed faith as well. Though she was told she absolutely needed a rest, each morning she left home and came back

at night after attending church meetings including meetings at the prayer center and cell meetings. She had no worries because she believed that God would protect her baby.

And whenever she felt something wrong with her baby she received the prayer from senior pastor. Then the baby became fine. And she didn't have the morning sickness that she used to suffer from during her pregnancy. In September 1986, she gave birth to her first daughter Miae and 2 years later she even gave birth to her second child.

Obedience and blessing; the couple tried to find answers of their problems in the word of God so they were led to the way of blessing. Watching their children growing, they give thanks to God. And through their testimony we again realize the love of God who wants to give always the best to His children.

Gave Birth to 2 Daughters after 3 Miscarriages

Deacon Sangkyun Kim also realized the deep love of God after he started to keep the Sabbath. Deacon Kim confesses that by keeping the Sabbath day he could have more faith and his life changed. And he smiles because he has been assigned to his God-given duties this year. The blessing is happiness itself that came after overcoming all difficulties with God's grace.

During the IMF financial crisis in November 1999, even his family seemingly strong enough was affected by the depression. His house was sold by auction and his family separated.

Deacon Kim with his mother and sister made a loan of 20 million Won (approximately \$14,000 USD) and opened a PC room with used computers. Having no place to stay, he found a small place outside his PC room and made a living space with panels. The space could accommodate only 1 person so they had to sleep taking turns.

One day he received a copy of *Manmin News* from his neighbor and he was touched by Dr. Lee's sermon in it.

So he began to visit Manmin Church website and listened to Dr. Jaerock Lee's sermons. In summer

First Step to Being Reborn as a True Christian

2007 he registered as a member of Manmin Central Church, but he kept working on Sunday. He took turns with his sister because he didn't have an assurance of God's blessing.

But he had this opportunity to be born again as a true Christian.

"One day in March last year, Rev. Miyoung Lee visited me and told me about Senior Pastor's testimony. She said when Senior Pastor closed the bookstore every Sunday to keep the Sabbath, God blessed the bookstore so much that a magazine reporter visited the store to write a story. I was touched and came to have assurance because of the testimony.

Though he went to church since he attended elementary school, he didn't know exactly how to keep the Sabbath. He thought attending just one of the Sunday services would be enough.

He offered the whole Sunday to God. He attended both the Sunday morning and evening service and even the Daniel Prayer Meeting.

He felt that he became a real Christian. He came to have a peace that he never had before and his family became one in spiritual love. In addition God blessed them to have a home where his family can stay together.

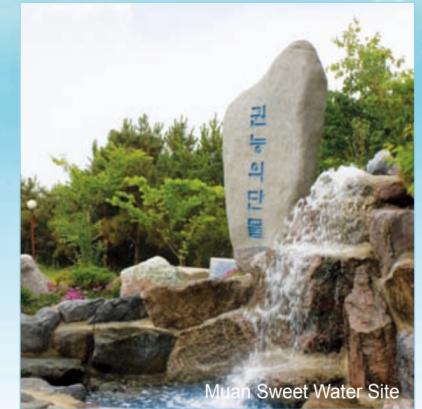

He came to realize that God the Father protects and blesses those who believe in His word and practice it. Through his testimony we were able to feel the grace of God.

Water of Mystery, Muan sweet water contains the power of God.

Test Results from the FDA

Muan Sweet Water Site

Together with air, water is one of the most important factors needed to maintain life. We can live without eating for 4 to 6 weeks, but without drinking water, we cannot survive more than a week. Seventy percent of the human body consists of water, so people are trying to find better sources of water for their health. Each scholar might have different thoughts about water but most of them think that good water has to be abundant in minerals, weakly alkaline and contain a refreshingly invigorating quality.

Today we can again see the miracle of the water recorded in the Bible. The name of the water is Muan sweet water which gives us faith and life. As God turned the bitter water into sweet water through Moses about 3,500 years ago, he again changed the salty sea water of Muan (Jeonnam province) into sweet water on March 2,000 by the prayer of Dr. Jaerock Lee.

This water demonstrates that even today nothing is impossible with faith. Wondrous and surprising things are happening! People are healed of various diseases and infirmities and even receive answers to the desires of their hearts after they dip themselves in Muan sweet water, or just drink or apply it. Animals and plants which were on the verge of dying came back to life again.

The safety and excellence of Muan sweet water was confirmed by the test results from the FDA (Food and Drug Administration of the United States). FDA is one of the government organizations established to protect the consumers. In October 2007, the FDA conducted mineral tests on Muan sweet water to determine the overall mineral content, oral toxicity, skin irritation potential, and heavy metals content.

The test proved that Muan sweet water is safe for the human body. The result shows that Muan

sweet water, which is not only weakly alkaline and abundant in minerals, but it also contains 3 times more calcium than famous spring waters located in France and Germany.

The people from around world keep visiting the Muan sweet water site to experience the power of God. Many works of power are taking place with the Muan sweet water which is provided without cost to many countries.

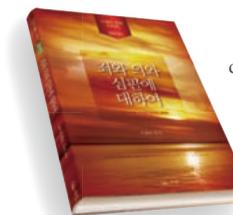

On March 5th Muan Manmin Church gave glory to God by offering a thanksgiving service and performances in 9th year celebration of Muan sweet water.

Muan Manmin Church hopes that the Muan sweet water site will become a destination for Christians around the world who want to experience the power of God.

A True Freedom

Today, many people are living as captives of sins. They live in suffering as a captive of hatred, anger and despair. Even though they try to get out of it by themselves they fail again and again. The only one who can set us free from sin is Jesus Christ because nothing is impossible with His power. Therefore if you want to be free from your sins, you have to depend on Jesus Christ who is the way, the truth and the life. Only in Him, we can find true freedom and faith.

"Not by might nor by power, but My Spirit," says the LORD of hosts." (Zechariah 4:6)

The Twelve Foundation Stones of City Wall of New Jerusalem 3

Senior Pastor Dr. Jaerock Lee

The reason why the 12 foundations stones of city wall of New Jerusalem is adorned with 12 jewels is that when their spiritual meanings are combined altogether it carries the meaning of being the heart of God and Jesus Christ which is perfect love itself. If you know of the meanings contained in each of the 12 gem stones you can realize how you accomplished the heart of Jesus Christ and how to become qualified for entry into New Jerusalem. In this issue we will study the spiritual meanings of the 6th, 7th and the 8th foundation stones.

1. The 6th Foundation Stone is Sardius

Sardius is a gem stone that has a dark-red color like ruby. Sardius contains the meaning of "endeavor and passion with the passionate love to accomplish the kingdom and righteousness of God."

In the Bible, who was it that had this kind of passionate heart in devoting himself to the kingdom of God that is represented by the meaning of sardius? It is the Apostle Paul whom we've heard so much about. As the apostle to the Gentiles, he saved many souls and established many churches through his three missionary trips. Until he was martyred in Rome, he constantly testified to Jesus Christ. During his missionary trips, there were always many situations that were difficult for a man to bear. Nevertheless, Paul never regretted his choice. Though he was going through so many troubles, his primary concern was only for the church and the believers. This passionate love for the Lord, the fervor and endeavor for salvation of other souls is represented by the red color of sardius.

2. The 7th Foundation Stone, Chrysolite

Chrysolite is also called 'Olivine.' When the mineral olivine is gem-quality it is also called peridot. It is a magnesium iron silicate. Now, what kind of spiritual heart is represented by chrysolite? It is 'mercy'. *The Merriam-Webster Online Dictionary* defines 'mercy' as 'compassion or forbearance shown especially to an offender or to one subject to one's power.' But what is the spiritual meaning of mercy that God explains to us? It is to understand in truth somebody who cannot be understood at all and to forgive in truth a person who cannot be forgiven at all. We can embrace others with love, is the mercy that is symbolized by chrysolite.

Those who have this mercy do not have any prejudice. They don't dislike or hate anybody. Of course, they don't have any enmity. They just try to look at and think about everything in a beautiful way. They are accepting of everybody. So, even when they face a person who has committed a grave sin, they only show compassion. They hate the sin, but not the sinner. They rather understand him and accept him. This is mercy.

Jesus knew from the beginning that Judas Iscariot would betray Him. Nevertheless, Jesus did not excluded him or keep His

distance from him. He did not dislike or hate him in His heart either. Jesus loved him until the very end and He gave Judas chances to turn back. This heart is the merciful heart. Even when Jesus was nailed through on the cross, He did not complain against or hate anybody. He rather prayed in intercession for those who were inflicting pain and injury on Him. Likewise, mercy is to forgive even those who cannot be forgiven at all.

Stephen also had this kind of mercy. Even while he was being stoned, he prayed for those who were killing him (Acts 7:60). It shows us that he had the perfect fruit of mercy to have compassion on those people. How happy we would be if we accomplish this kind of heart that can understand every people and embrace them.

3. The 8th Foundation Stone is Beryl

This beryl has the light blue-green color like aquamarine. What kind spiritual heart does this beryl stand for? It symbolizes 'endurance and patience' in all things to accomplish God's kingdom and righteousness. But the patience here is not to suppress something with much restraint. If we have no evil but only a fullness of goodness and love, then 'patience' itself is actually not necessary. But God just expressed it as 'being patient for a long time' to let us understand.

The patience in Galatians 5, as one of the fruits of the Holy Spirit, and the patience of spiritual love in 1 Corinthians 13 are both the patience that God wants. But the scope of patience is a little different. The patience in spiritual love is to be patient to love others at a personal level. But the patience as one of the fruits of the Holy Spirit has a broader meaning. The meaning of patience symbolized by beryl is the same as the patience that is the fruit of the Holy Spirit. And this patience to accomplish the kingdom and righteousness of God can be categorized into three kinds again.

First, there is patience between God and us.

We have to be patient until the promise of God is fulfilled. God the Father is faithful. Once He has spoken something, He surely does it without reversing it. Jesus said, "Believe that you have received what you have prayed and asked." Therefore if God has promised you something you have to wait with patience until fulfils his promise.

We have to stay patient until he gives us an answer because God knows the best time for us to receive His blessing.

When some believers say something like, "I pray all-night and even fast, and still there is no answer." They are actually complaining. This is just like a farmer who sows the seed and soon digs up the ground because there is no fruit immediately visible. If we have sown the seed, we have to be patient until it sprouts, grows up, blossoms with the flower and then bears the fruit.

Likewise, to receive the answer to what we have prayed, we have things that have to be done. We have to fulfill the proper measure according to the seven Spirits - namely faith, joy, prayer, thanks, hard-working faithfulness, keeping the commandments, and love. God answers us immediately only if we fulfill the required amounts according to measures for our faith. Let us understand that the time of patience with God is the time to receive a more perfect answer, and let us rejoice and give thanks even more.

Secondly, there is patience between men.

To love any person in all kinds of human relationships, we need patience. We need patience to believe in any kind of person, endure with him, and hope that he will prosper. Even if he does something that is the opposite of what we have expected, we have to be patient in all things. We have to understand, be accepting, forgive, yield, and be patient.

Those who evangelize many people are likely to have much patience. Even if those who are being evangelized do not like it, the evangelist keeps on visiting them. Even if they curse and persecute them, they visit them again with smiles on their faces. With love to save that particular kind of person, they rejoice and give thanks, and never give

up. Because the evangelist acts constantly with goodness and love, the darkness goes away because of that light.

Thirdly, there is patience to change the heart.

To change our heart is to pull out untruths and evil from our heart and plant truth and goodness instead. To the extent that we change our heart, our faith also grows. Our faith grows up from the faith of a new-born baby to that of a child, and to a young man, and finally a father. And to reach the full measure of faith, we must change our heart.

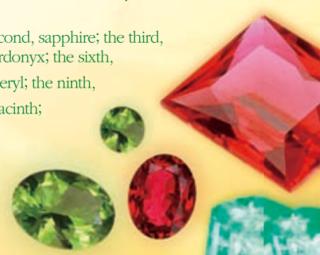

And just as we have to sweat and work hard to clear land, we have to do the same when we change our heart. We have to cry out earnestly in prayer with all our strength and with all our heart. Then we can receive the power of the Holy Spirit to plow the fleshly heart that is like barren land.

This process is not as easy as one might think. That is why some people may feel burdened, get disheartened, or fall into despair. Therefore, we need patience. Even though it seems that we are changing very slowly, we should never be disappointed or give up. We should remember the love of the Lord who died on the cross for us, receive new strength, and keep on cultivating the field of the heart. It doesn't mean you just have to wait without any effort thinking, 'It will be done someday.' You should keep trying with a grateful heart thinking about the love and blessing God will give you when you have truly changed your heart.

Dear brothers and sisters in Christ, As you accomplish the heart of what is represented by each of the gem stones you can also have jewels in heaven. I pray in the name of our Lord Jesus Christ that you may accomplish all the 12 of the jewels in heart and go into New Jerusalem.

"The foundation stones of the city wall were adorned with every kind of precious stone,

The first foundation stone was jasper; the second, sapphire; the third, chalcedony; the fourth, emerald; the fifth, sardonyx; the sixth, sardius; the seventh, chrysolite; the eighth, beryl; the ninth, topaz; the tenth, chrysoptase; the eleventh, jacinth; the twelfth, amethyst." (Revelation 21:19-20)

Members have not only been healed of their diseases such as skin diseases, internal diseases and burns, but also received blessings on their family and business by using the Muan sweet water.

But after Pastor Raja Durai and his members began to pray for John and let him drink the Muan sweet water and then he came to walk and speak. After John's healing, altogether 12 people of his family and relatives including his Catholic parents accepted the Lord Jesus Christ.

We give all the thanks and glory to God who heals us of our diseases and gave us this Muan sweet water that helps in our healing and helps our souls to prosper as well.
