

“The Healing of Deafness Is Happening”

The number of people who have hearing disabilities including deafness, tinnitus, and otitis media, is increasing because of the noise in their lives or accidents. Once our hearing is damaged, it is hard to recover; so we have to take good care of our ears. While the powerful works of God are being manifested through Dr. Jaerock Lee more greatly and quickly, some affected members received healing even during the service and many miracles have taken place. The following are the cases of the recovery of hearing by the power of God.

“In the Middle of the Service, I Began to Hear the Sermons Clearly”

Sister Myung-yup Ryu
(1st Parish, Light and Salt Mission)

While working in a textile factory in 1990s, I felt my ears ringing because of the deafening noise from the machines. Beginning one day, some sticky water-like substance came out from my ear and it later turned into a seepage of bloody pus. Even though I couldn't even hear

what people who were right next to me said, I had to endure to earn a living. At last, I left the workplace and started working at a department store. But still, I had problems talking with customers.

When I visited the otolaryngology in 2007, the doctor recommended that I wear a hearing aid. Even though I desperately wanted to hear, I hesitated and didn't wear it because of appearance. But I had to face many difficulties while working. When I looked at the customer's lips during the conversation, cold sweats broke out on my back. I became afraid of even answering the phone.

To make matters worse, I had tinnitus for the past 2 years and couldn't sleep well at night because of buzzing sound in the ears. Each day was pain after pain. I was heading toward the world neglecting my Christian life. I only went to church on Sunday and did not pay the tithe. I wanted to fill the void in my heart watching TV programs. Since I also had arthritis in my knees, there was nothing else I could do but quit working.

After I was visited by the Guidance Pastor of Light and Salt Mission on November 1, 2009, I repented of my unfaithful Christian life and then came to Senior Pastor and received his prayer. From the following day, I started attending the Two Consecutive Special Daniel Prayer Meetings and the Divine Healing Meeting (Manmin Prayer Center) every day, and I thoroughly repented of the past wrongdoings with tears. As I tried to live by the word of God and attended the worship services, God finally healed me of the arthritis in my knees.

I continued to experience the love of God. On last January 31, during the Sunday Morning Service, I received much grace through the sermon and kept responding with 'amen' and tears. When the sermon was almost over, I could hear the preacher more clearly. I thought someone turned up the volume, so I asked a person who was sitting next to me, "Did they turn up the volume? It sounds so loud!" She answered, "It does? But it sounds just the same to me."

At the moment, I realized that chronic otitis media was healed and I recovered my hearing. I had hardly been able to hear soft sounds, but from that point on, I could clearly hear even the soft sounds. I give glory to God and I also want to thank Senior Pastor for his prayer with love.

“Now I Can Hear without Hearing Aid”

Deaconess Yongrae Cheon
(8th Parish, 5-2 Women's Mission)

In my childhood I had an accident in which I fell into a stream, and since then I could hardly hear with my right ear from otitis media for 25 years. What was worse,

someone slapped me in the face six years ago. Since then, water oozed out from my left ear and the hearing got worse and worse, so I finally had to wear a hearing aid.

Despite bad hearing, I often evangelized on the streets with *Manmin News* for years. From a couple of months ago, I distributed 1,000 copies a week with the help of Cell Leader Deaconess Songhee Shin. On the night of January 22, I received the prayer from Senior Pastor for the recovery of hearing before Friday All-night Service. On the following morning, when I was putting on the hearing aid, I found out that I could hear well without the hearing aid.

“My life Is Happier since I Can Now Hear Better”

Brother Choi
(27th Parish, North Korean Refugees' Mission)

In 1951, during the Korean War, I was helping the Korean army as a 16-year-old. I was captured and a captive of the North Korean Army. I was misunderstood to be a spy and had to suffer from severe torture and was beaten a lot. Because of this, both of my eardrums were damaged; so I could hardly hear.

In 2003, I left the North Korea and became a refugee. But with bad hearing, I had fears about everything. There was a time last year when I lost interest in Christian life and didn't come to church for several months. Recently, I started attending the church just habitually. On

last January 29, I received Senior Pastor's prayer with other members of North Korean Refugees' Mission to receive benefits as a man of national merit. Much to my surprise, I began to hear Senior Pastor's sermon very clearly during Sunday Morning Service on January 31. God healed me during the service even though I didn't receive his prayer for the recovery of hearing. God is surely living. My life is happier with better hearing.

“I Was Living Unwillingly and a Miracle Happened to Me”

Sister Myungsun Park
(Chang-won Manmin Church)

A year ago, I was hospitalized for a long time due to surgery to put an artificial joint into my knee. Since then, both of my ears began to lose hearing and I couldn't hear well.

I was suffering in many parts of my body when someone came to me with the purpose of evangelism. She was Senior Deaconess Myungsoo Cho. I began to attend Chang-won Manmin Church. Though my house was an hour away from the church, I diligently attended the worship services and tried my best to receive healing by God's power with faith.

On last January 29, I went to Seoul for the healing of diseases and received the prayer from Senior Pastor. In the van on our way back to Chang-won, something amazing happened. I had been able to hear only when someone talked closely directly into my ears in a loud voice, but suddenly I could hear quiet sounds even without a hearing aid. Hallelujah!

Guidance to the Power of God

Innate blindness and deafness are incurable with the modern medicine. But if we ask for the power of God the Creator through faith, we can experience biblical miracles that are happening even today (Hebrews 13:8; Ephesians 4:13). If dead or degraded nerve cells were revived, or if a man who was blind from birth came to see, or if a deaf man came to hear, we can say they were healed by the power of God through a person whose faith reached the measure of Jesus Christ.

“Fulfill the Law with Love”

Dr. Jaerock Lee Urged the Graduates at the 18th Graduation Ceremony of the United Holiness Theological Seminary and the 3rd Graduation Ceremony of MIS (Manmin International Seminary)

At the 18th Graduation Ceremony of the United Holiness Theological Seminary and the 3rd Graduation Ceremony of MIS, Dr. Jaerock Lee preached the message entitled 'Love Is the Fulfillment of the Law' based on the Scripture Romans 13:10.

“The United Holiness Theological Seminary is a prophetic school that teaches students the holiness gospel revealed by God. It trains and educates many spiritual warriors who will be used as precious tools of God in the end of times,” Dr. Jaerock Lee said in his message. “Since I was a new believer, I went up

to the mountains and cried out in prayer whenever I had time. After piling up prayer upon prayer, I finally could receive answers to questions about difficult-to-grasp passages in the Bible and receive the power of God,” Dr. Jaerock Lee added with his own experiences.

He continued saying, “I am proud and thankful when I see the Lord's servants who were educated and trained in MMTC (Manmin Missionary Training Center) or MIS go out to the world and lead successful ministries accomplishing many branch and associative churches. They are servants who pray, obey, and live by the word with the love toward God. Even though I lacked in many areas, I could accomplish the kingdom of God to this day because I obeyed the word of God. I want to urge the students to become more passionate and I also hope that the branch churches in Korea will send more servants to establish branch churches across the nation and thereby the national evangelism will be accomplished more quickly.” Following his message, Dr. Lee

gave the certificate of graduation to the graduates, and Board Chairman's prize was awarded to Pastor Ki-suk Kim, and the President's prize to Pastor Yong-im Chung.

At this graduation ceremony, Administrative Director Pastor Gamaliel Lee presided over the ceremony and made a report on academic affairs, and Elder Boaz Lee offered the representative prayer. The

address of instructions was delivered by Pastor Sangtae Kim and Congratulatory message by Dr. Esther Chung, President of MIS and then a graduate Soohye Son answered as a representative of all graduates.

MIS was founded in 2004 at the request of the pastors around the world longing for the Five-fold Gospel of Sanctification—Regeneration, Sanctification, Divine Healing, Resurrection,

and The Second Coming of Christ. It educates pastors and church workers in overseas countries with Dr. Jaerock Lee's sermon series 'The Message of the Cross,' 'The Measure of Faith,' 'Spirit, Soul and Body,' etc through establishing local campuses and online lectures in many countries of the world including the US, UK, Belgium, Russia, India, China, Taiwan and so on.

Planting the Lord's Cross into the Hearts of Thai People with the Handkerchief of Power

Missionary Jaewon Lee preaching the gospel in the alpine village near Chai Prakan Manmin Church in Chiang Mai, Thailand on last January 31

Thailand is a Buddhism-dominant country where 95% of its people are Buddhists. In this country, which is well known to us for Muay Thai (Thai martial arts) and many Buddhist temples, the holiness gospel is being spread vigorously through the power of God.

This past February 6th, Missionary Jaewon Lee conducted an evangelism meeting in a village named Mesuai near Chiang Rai located in Northern Thailand at the request of one of the villagers. He was able to get to the village after traveling along the paved mountain roadway for 2 hours by car from Chiang Rai. It was an alpine village where most of its residents lived in the houses made from bamboo trees.

On this day, Missionary Lee preached with the title 'Why Is Jesus Our Only Savior?' and then he showed 'The Power of God' DVD introducing the powerful ministry of Senior Pastor Dr. Jaerock Lee. After this, he started praying for the participants with the handkerchief of power as recorded in Acts 19:11-12. A person who couldn't lift up his arms due to paralysis could raise his arms, and many testified to their healing. A case in particular, when the participants saw a person who had pulmonary disease repent in tears after the handkerchief prayer, they were touched to see the work of God.

“I was sorry to see these people live so deep in the mountains and so far from

civilization without national citizenship. But I was very grateful and happy to give them the best of gifts, which is sharing the gospel and letting them know about God's love and the Lord,” said Missionary Lee. Also, at the handkerchief meeting held at the alpine village near Chai Prakan Manmin Church in Chiang Mai, Thailand on last January 31, an old man who couldn't walk came to walk well by the power of God after the handkerchief prayer.

Missionary Jaewon Lee was commissioned to Thailand with his wife Missionary Soon-ok Lee and his three sons in October, 2009 and they are spreading the holiness gospel throughout Thailand. They reside in Chiang Rai.

THE FRUIT OF THE SPIRIT (7)

Faithfulness

"But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, self-control; against such things there is no law."
(Galatians 5:22-23)

The Merriam-Webster's Online Dictionary defines the word 'faithfulness' as 'the quality of being steadfast in affection or allegiance, or firm in adherence to promises or in observance of duty'. Even in the world, faithful people are valued highly for being trustworthy. Those who are spiritually faithful are treasures in the kingdom of God and they give out a fragrant aroma.

Then, what kind of faithfulness is the true faithfulness that is recognized by God?

First, it is to do more than what is entrusted to us.

When workers are paid for their work, we don't say they are faithful when they fulfill their duties. We can say they did their job. But, they did only what they are paid to do, so we cannot say they are faithful. Those who bear the fruit of faithfulness fulfill their duty having the desire coming from the heart. They fulfill it with all their heart, mind, and soul and do it without sparing either their time or money. They will do more than what they are responsible for doing.

For example, in the case of Moses, he put up his life when he prayed to save the sons of Israel who had committed sins. In fulfilling his duty to bring out the Israelites from Egypt, he had the heart of God and guided the people with all his love and effort when he fulfilled his duty. That is why, when the people committed sins, he felt as if it were his own fault, and he wanted to take the responsibility for it.

It is the same with the apostle Paul. He confessed in Romans 9:3, "For I could wish that I myself were accursed, separated from Christ for the sake of my brethren, my kinsmen according to the flesh." Likewise, those who are faithful will not just think, "I've done enough," but they will work overflowing with all their heart.

Second, the kind of faithfulness recognized by God is to be faithful in the truth.

Suppose somebody joined a gang and dedicated his life to the boss of

Senior Pastor Dr. Jaerock Lee

the gang. Will God say he is faithful? Of course not! God can recognize our faithfulness only when we are faithful in goodness and truth. The most important thing to be faithful in the truth is the circumcision of the heart. Revelation 2:10 says, "Be faithful until death, and I will give you the crown of life." Here, to be faithful until death does not just mean we have to work hard and faithfully until our physical death. It means we try to accomplish the word of God in the 66 books of the Bible with all our life. As Paul said, "I die daily," we have to put our flesh to death completely and become sanctified. This is spiritual faithfulness.

Of course, it doesn't mean we cannot assume any duties before we become completely sanctified. It means whatever duty we are carrying on right now, we have to do it along with accomplishing holiness. If we cast away sins and fulfill our duties with a sanctified heart, we can bear much greater fruit than when we fulfill them with fleshly mind.

Third, the kind of faithfulness recognized by God is to work according to the master's will.

In the church, we have to work according to the heart and will of God. Even though we are very diligent in our duty, we cannot satisfy the desire of the heart of the master if we just do what we want.

In the Bible we read about a person named Joab, who was a relative and the general of the army of David. Joab was with David through all the dangers while

David was being chased by King Saul. He had wisdom and he was valiant. He managed the things that David wanted to be done. He served David so very well this way, but David was not very comfortable with him. Joab did not hesitate to act insolently before David when he wanted to achieve his goal. When it was beneficial for himself, he disobeyed David. Finally, Joab rebelled against King Solomon, David's son, and was put to death.

When we do God's work, rather than how hard we do the work, the more important thing is whether we are following the will of God. When we work in the church, we should also follow our leaders before we follow our own ideas.

Fourth, the kind of faithfulness that God wants is faithfulness in all God's house.

In Numbers 12:7, God says about Moses, "He is faithful in all my household." To be faithful in all God's household means to be faithful in all aspects related with the person. Not only in the church, but in places of work and school, every of us has our duties. In all these aspects, we have to fulfill our duties as the members.

To the extent that we cast off flesh and change into spirit, it is not something difficult to be faithful in all God's house. Even though we invest just a little time, we can surely reap the fruit if we sow in spirit. Also, those who have changed into spirit do not follow their own benefit and comfort but think about the other's benefit and view things from the standpoint of others first. Thus, such people will take care of all their duties even if they must sacrifice themselves. Likewise, we can be faithful in all God's household and have peace with everybody to the extent that we have goodness.

In doing so, I pray in the name of the Lord that you will become workers who are like pillars of the kingdom of God and I pray for you to enjoy the honor of ministering before God.

Pastors' Seminar Held at Kisumu, Kenya

At the request of Pastor Milton Akirala (Kisumu Manmin Church), Bishop Dr. Myongho Cheong, who is the President of United Holiness Church of Jesus Christ, Africa and ministering Kenya Manmin Holiness Church, led the pastors' seminar for two days on January 26th and 27th. On the first day, he preached about the powerful ministry of Dr. Jaerock Lee and the providence of creation, and on the second day, he gave a lecture on the Book of Job. Bishop Phoebe registered his church as a branch church after hearing the message on the first day and asked Bishop Dr. Myongho Cheong to hold a seminar for the pastors of all branch and associative churches in Kisumu again in early March, saying that he wanted to establish Manmin Mission Center by donating his four-acre land.

In addition, Pastor Zephaniah, President of Pastors' Association in Kisumu said, "I thought I knew well about the Bible but I think I have to study the Bible from the beginning after hearing Bishop Dr. Cheong's lecture on the Book of Job." Through this seminar, 22 churches newly registered as branch churches and 17 churches as associative churches.

"Covering Latin America with the Holiness Gospel"

Latin America Mission Report: Broadcasting Ministry through Enlace, the largest Christian TV Company in Central and South America; Peru Manmin Church; and the Ministry in the Alpine Regions

Pastor Lazarus Lee (Missionary to Latin America)

Latin America includes the Spanish and Portuguese speaking countries in Central and South America. In December 2003, I was commissioned to Latin America as a missionary. I established the mission center in Honduras and started the missionary works. After the Peru Healing Crusade with Dr. Jaerock Lee held in December 2004, I relocated the mission center to Peru.

For the first year, I led seminars in the morning and held handkerchief meetings in the afternoon. In Latin America are 34 countries, not including the small island countries. However, I thought it would be impossible for the holiness gospel to reach the entire Latin America if I spread the gospel in the traditional way.

Then one day, God showed me a vision. There was a huge reservoir that was spread out like an ocean. I scooped the water in the bucket and poured it out in different places. I repeated this again and again. I wondered when I would be able to distribute all the water with the small bucket. At that moment, I made a waterway with a stick and then water started flowing along the waterway. "Yes, this is it!" The answer was a mission through broadcasting.

Broadcasting Ministry through Enlace, Latin America's Largest Christian TV

In 2005, I had 'The Message of the Cross' one of the famous Dr. Jaerock Lee's sermon series dubbed by Brother Aldo Guido. I visited Christian TV companies in different countries with the Spanish-dubbed DVDs. I was given strong confidence that I could spread the holiness gospel throughout all of Latin America through the broadcasting of Dr. Jaerock Lee's sermons.

I first visited without any plans. On my flight to Costa Rica, Enlace TV came to my mind all of a sudden. I thought I could have a connection with TBN Enlace TV at the Costa Rican pastors' meeting. Just as I had imagined, I had a chance to meet the President of TBN Enlace TV on the day of the meeting. He already knew well about Dr. Jaerock Lee through the 2002 Honduras Miracle Healing Crusade and 2004 Peru Healing Crusade.

First, I introduced 'The Message of Cross' and suggested to the President that the television network

TBN Enlace TV is being broadcast in 56 nations through over 5,000 broadcasting stations via 8 satellites.

broadcast the 24 sessions of 'The Message of the Cross' and assured him that he would experience blessing if he planted by faith. He accepted this with pleasure. So, the sermons began to be broadcast for an hour every Sunday morning. From then on, the television stations received many phone calls from viewers expressing thanks. Certainly, there was a significant change in my ministry after the broadcasting.

TBN Enlace (President: Jonas O. Gonzalez) is the largest Christian TV in the Central and South America covering the most of the countries in Latin America. The Spanish-speaking people living in the United States can also watch its programs via TBN Enlace USA and Dish Net. It is satellite and cable Christian TV which is broadcast 24 hours via 8 satellites and covers the 56 nations through over 5,000 broadcasting stations in Central and South America. The audible population is about 150 million and the TV features webcasting service as well. The audible range is the entire Central and South America, the entire Caribbean Sea, North America, Spain, Portugal, Northern Africa and the Middle East.

In addition, JBN TV (President: Esteban Handal) is aired via NSS 806 through 2,500 broadcasting stations in Central and South America. The audible range is North America, all of Central and South America and some European countries. In addition to 26 radio stations (some of them include TV companies), he is expanding the TV and radio broadcasting ministry in several countries. Many people who listened to Dr. Jaerock Lee's sermons through broadcasting are longing to read the Spanish versions of Dr. Jaerock Lee's books.

Seminars and Handkerchief Meetings Continued through Broadcasting

In Colombia, a sister named Sylvia listened to Dr. Jaerock Lee's message through TBN Enlace TV and told her pastor about it. Later, at the request of the pastor, a meeting was held and 400 pastors and church workers. Usually, at the seminars or meetings, we first show the attendees 'The Power of God' DVD and during the intercession, we show them the video of our church's anniversary

service performances. Pastor Francisco Looor, who attended the seminar held in Ecuador, after watching the performance video, said, "It's amazing that a church can have this kind of great performance. I want to visit the church myself." He is ministering to the biggest church in Ecuador and running a TV company.

Apostle Jorge Marquez who is ministering a large church in Uruguay confessed, "Only with the holiness gospel, we can change the world." As of today, 1,010 churches have registered as branch and associative churches in Latin America through the broadcasting ministry.

Peru Manmin Church and Ministry in the Alpine Regions

On December 4, 2005 the Peru Manmin Church was founded. In answer to my prayer, Pastor David Jang was commissioned to Peru as a missionary. His wife Deaconess Hyangsook Kim is taking care of the flock and his two sons Chan-yang and Chanmin are in charge of filming during the Sunday Evening Service, and his youngest daughter

Jihyun is on the dance team. I am so thankful to God for his family that is a big strength in my ministry. At the Sunday Morning Service, we offer worship service with the DVD-recorded service of Manmin Central Church and at the Sunday Evening Service, I and Pastor David Jang are taking turns preaching sermons. Also, we have Daniel Prayer Meeting and Wednesday Evening Service.

In Peru, Pastors don't visit their members. So when we tried to visit the members, some of them even asked why we had come. One member was very touched saying that it was the first time he was visited by a pastor in his 25 years of Christian life when Pastor Jang visited him. Also, when Pastor Jang went to the funeral of an old woman, who was our member, her family welcomed him very happily sprinkling flower leaves over him. Even other church members envy our members saying, "This is the true church that takes good care of its members!" In addition, through the handkerchief on which Dr. Jaerock Lee prayed, the members are experiencing healing of diseases and receiving solution of problems.

People living in Cerro de Pasco, an alpine region of Peru located at 4,800 meters above the sea level, can't watch TV. They can listen to radio, but they can't tune in programs broadcast from Lima, the capital city. For this reason, I visit the radio stations located in the alpine regions with tapes or CDs of Dr. Jaerock Lee's sermons. I once got to lead a handkerchief meeting in Cerro de Pasco. When I arrived there, I began to suffer from splitting headache with chills. I vomited and felt dizziness and couldn't even breathe properly. The number of sick people who had gathered at the meeting was over 1,000. So, I asked for Dr. Jaerock Lee's prayer. After receiving his prayer transcending space and time, I successfully preached a message, led a repentance prayer meeting, and prayed for all 1,000 sick people that had gathered for the meeting, with the handkerchief. A major portion of them were healed and I myself was very impressed to see the work of God.

These are only a small part of what is happening in my ministry. I can't write all the works of the Holy Spirit that God has manifested. I am looking forward to the day when the holiness gospel reaches all of Latin America with the works of the Holy Spirit. I will keep on running again and again to expand that boundary.
