

“I Want to Take after Dr. Jaerock Lee’s Devotional Love for the Souls and Examples of Practicing the Teachings of the Bible.”

Pastor Lima Imsong
doing ministry in Arunachal Pradesh State of India

In February of 2002, I was ordained as a pastor at the Baptist Church of the Northern India and opened a church at the Arunachal Pradesh State of India. The Arunachal Pradesh State is bordering Tibet in the north, Myanmar in the east, the Nagaland and Assam States in the south, and Bhutan in the west. Most of the population are Buddhists and Hindus, and very poor in economics. While spreading the gospel among the Buddhists, I once drank poisonous tea maliciously provided by them and was at the doorstep of death for 9 months. By the grace of God I was healed and set the passion for the gospel more ablaze.

My spiritual eyes were opened after reading *The Message of the Cross*

I led many revival meetings in the northeastern India and came to become a famous revivalist. At a corner of my heart was a spiritual thirst and longing heart to see a spiritual leader who would teach me the depths of spiritual realm.

In October of 2008, I attended a young people’s prayer meeting held in Delhi, the capital city of India and met Dr. Lanu who was serving WCDN (World Christian Doctors Network). Dr. Lanu gave me *The Message of the Cross*, one of Dr. Jaerock Lee’s books. While reading it, I was so touched at the amazing contents such as: The mystery that had been hidden

since before the beginning of time; the reason that Jesus is our only Savior; God’s providences embedded in Jesus’ crucifixion; and many others that I have had been wondering. Later I read *Heaven and Hell*, too.

Dr. Lanu took me to Pastor John Kim, a Korean missionary and ministering to Delhi Manmin Mission Center. Pastor Kim showed me ‘The Power of God’ DVD that includes manifestations of God’s power performed through Dr. Jaerock Lee, and *Manmin News* in Hindi, weekly newsletter of Manmin Central Church.

“This is the very thing I have wanted! Now I can show the proofs of the living God!” said I. I spread *Manmin News* at many prayer meetings and worship services and taught the people in attendance the holiness gospel.

Guided to have cooperation with Manmin in my dream

In the end of 2008 God gave me the assurance of the collaboration with Manmin. In my dream Dr. Jaerock Lee appeared and said to me in English, “Read Proverbs 22:4.” It reads, “The reward of humility and the fear of the LORD are riches, honor and life.”

I meditated on this Scripture and prayed with it. And I tried my best to practice the Word of God. As that result, I was invited to many more meetings, and I delivered the messages based on the three books I had read—*The Message of the Cross*, *Heaven and Hell*, and then was recognized as a more influential revivalist.

One day I explained to a Buddhist stricken with leprosy about Muan Sweet Water, and sprayed it to his body and prayed for him. A few days later the sick parts began to recover, and the leper himself drank Muan Sweet Water and applied it on his body. He finally came to walk by himself. These powerful works of God planted the faith and true life into the hearts of many people.

Many Souls in India Woke Up through GCN-Manmin TV

In 2009 I invited Pastor Kim to the Nagaland State and learned his ministry for 2 weeks. When he conducted the meetings, he preached the holiness gospel and then prayed for the sick with the handkerchief, and I witnessed

many of them receiving healing (Acts 19:11-12). At that time the Korean Wave was hitting among the young in the Nagaland State.

I thought and expected that broadcasting programs produced by Manmin TV would attract the interests of many people in accordance with that cultural flow. Pastor Kim supported my plan with 11 satellite receivers, and I visited the local cable televisions and introduced the programs of GCN-Manmin TV.

I said, “This GCN-Manmin TV is a must to those who cannot go to church because of their sickness, those who are in spiritual slumber, and those who are seeking a spiritual mentor and church. The viewers love it so much. I believe it is the will of God to broadcast GCN-Manmin TV programs in the Nagaland State.

We installed the satellite discs at 10 cable television stations in the Nagaland State, and the holiness gospel is being broadcast 24 hour. Many believers improved their faith listening to the messages of sanctification preached by Dr. Jaerock Lee and were healed of their diseases. The number of the GCN viewers in Nagaland is estimated to be 200,000. That same year I registered my church as a branch church of Manmin Central Church to do more active associative ministries with Manmin.

Manmin Central Church filled with many proofs of the living God

I had wanted to see Dr. Jaerock Lee from the heart so that on March 25, I could pay a visit to Manmin Central Church by the work of God despite my financial difficulty. I felt the presence of the Holy Spirit at the worship services and Daniel Prayer Meeting held every night, and

was so touched visiting Muan Sweet Water site, Manmin TV, and many other missionary fields.

The most impressive thing during my visit was the devotional love that Dr. Jaerock Lee is giving to many church members day and night through fervent prayers, and sincere and powerful counsels for the healing of their hearts’ desires and the resolution of their problems. It was a wonder to me to see the beautiful love, service and trust shared between Senior Pastor and his church members, and their abundant blessings.

I wondered the reason for those blessings. At the meeting and conversation with Dr. Jaerock Lee, I could find the reason. Dr. Lee is a worldwide revivalist and Senior Pastor of the 100,000-member mega church, but so humble and meek. In every affair he is showing a good example of acting only by the Word of God. When he laid his hand on me and prayed for me, the fullness of the Holy Spirit was beyond description.

On April 4, at the Sunday Evening Service I registered as a member of Manmin Central Church and made up my mind to practice this good example of the ministry of Manmin when I come back to India.

I am leading 18 prayer meetings in the Nagaland State, and praying for Dr. Jaerock Lee and his ministry. We are praying for a branch church of Manmin to be established there and many pastors and church leaders want to study at MIS (Manmin International Seminary). I humbly ask you all brothers and sisters in Christ at Manmin to pray that the holiness gospel and news of God’s powerful works may spread to the northeastern India, and even to Myanmar and China.

A Famous Korean Actor, Elder Chun Cho Gave His Testimonial Stories at the Friday All-night Service

Elder Chun Cho testifying to his life of faith

On April 9, a famous Korean actor, Elder Chun Cho visited

Manmin Central Church and gave his testimony at the second part of the Friday All-night Service. In 1985 he met with a traffic accident on the frozen road along with his daughter. On the verge of his car’s falling down on the cliff, he heard the voice of God saying, “Hold My hand” and gripped His hand. At that very moment the car stopped, and he and his daughter were saved. Through this experience, he began to attend church but was not faithful in the midst of his busy schedules

as an actor. This caused him to meet with more traffic accidents and experiencing God’s delicate touch he stood firm on the faith.

Elder Cho was cast at many movies including *A Gang of Robbers*, *Ttaeng-Chilyi* and *Ssang light*, *Super Hong Kil-Dong*, and so on and appeared on TV at many programs including *Popopo*. He is dedicating his life to the rejected, the abandoned and the elderly as ambassador of goodwill at the Renewal and Protection Corporation of Korea.

2010 Devotional Service for College Mission and Canaan Mission

There are many temptations in the world that trigger the lust of the flesh, the lust of the eyes, and the boastful pride of this life. But the members of College Mission (college students) and Canaan Mission (unmarried members as graduates) at Manmin Central Church set their hope on the eternal kingdom of Heaven, not on the things of the world that perish.

On April 11, they offered

their devotional service to God and the Speaker Dr. Jaerock Lee delivered the message titled with “True Value.”

He urged them to discover true value and lead a new life in accordance with that true value, giving illustrations of the apostle Paul, Nicodemus, the believers of the early churches who didn’t deny Jesus Christ at the threat of death, and Two Witnesses.

Demolish Self-righteousness and Framework (2)

"For My thoughts are not your thoughts, nor are your ways My ways," declares the LORD. "For as the heavens are higher than the earth, so are My ways higher than your ways and My thoughts than your thoughts." (Isaiah 55:8-9)

Self-righteousness is to insist that one's opinions are right. It is to insist or claim what is not right in the sight of God, but in one's own sight. Next, 'frameworks' is the solidification of thoughts, thinking a certain thing is right. Based on their knowledge and experience, people think, 'This is morally right,' 'This is the educated way of acting,' and 'This information is correct.' When these thoughts are solidified and do not change easily, it is the frameworks of thoughts. Among the frameworks, there are also frameworks of the truth. This refers to the frameworks that people newly make with the truth they learn in a Christian life. If we have this framework of the truth, we cannot clearly discern the will of God. In order for you to check yourself, I will tell you three major cases where a person does not please God due to self-righteousness and frameworks.

The first is to pass judgment and condemnation on others.

Seeing other people, you might think, "He shouldn't be doing that? Why is he acting like that?" or you easily give advice or rebuke others saying, "You should do this." You don't really understand his heart or situations, but you rashly pass judgment and give advice. And you think you have discernment.

But actually this is to pass judgment with your self-righteousness and frameworks. It is judgment caused by self-righteousness with thinking like, "This is the proper way to lead a life in Christ," or "I know the truth well and my idea is correct."

You sometimes see others around you who get sick. Now, you think, "Diseases are caused by sin, and recently he didn't seem to be so well spiritually. I wonder what he did wrong." Then, is it really 'discernment'? This thought already has judging in it. When you think he is not in a spiritually good condition, it might only be your own feeling. Also, not all diseases are caused by one's own sins. Diseases might come when one is spiritually connected with ancestors or family members, or when the physical order is not kept very well like when a person works too much.

James 4:11 says, "Do not speak against one another, brethren. He who speaks against a brother or judges his brother,

Senior Pastor Dr. Jaerock Lee

speaks against the law and judges the law; but if you judge the law, you are not a doer of the law but a judge of it." Therefore, we must never pass judgment on any of our brothers or sisters with our self-righteousness and frameworks.

The second is disobedience to the Word of God.

In the Bible, we can read about the prophet Jonah who disobeyed God because of his self-righteousness and frameworks. God commanded Jonah to go to Nineveh, which was a city of a hostile nation towards the Northern Israel at that time. God commanded him to proclaim that God's punishment was near. But as you know very well Jonah ran away onboard a ship to Tarshish. Tarshish was located at the opposite side of Nineveh. Jonah thought the Assyrians deserved to be punished and destroyed for they acted in evil and gave a hard time to Israel, the elect of God. This was the framework of Jonah about goodness and justice. But the will of God was to show forgiveness and mercy beyond the Law. But God did not want the people in the city of Nineveh to be destroyed, although they were Gentiles. God let Jonah realize God's care for the people of Nineveh through a gourd that grew up. But Jonah rather got angry at God. He was still insisting that he was right. It means he didn't understand the heart of God at all.

Sometimes, I ask some leaders of the church to get certain works done. Then, some of them disobey because they have their own frameworks. But when I give an answer, some of them don't follow it. It's because my answer does not agree with their own ideas. Also, some of them do

something that is quite different from my advice. They interpret my answer within their frameworks, and thus misunderstand my words.

The third case is when others around us suffer painful or difficult situations and conditions because of our self-righteousness and frameworks.

The Lord taught us to humble ourselves and serve others. But some people make a framework with this word about service to others. They say, "The lower in the order always has to unconditionally submit in obedience to their leaders. When a higher person visits to the members, others are expected to serve him in a certain way. On national holidays, they have to serve the leaders in a certain way. We are taught that way." Of course, it is not wrong to teach the ways to serve others. But the problem is that some people have other intentions when they teach these things.

For example, a leader asks his subordinates to serve him because he has selfish motives and he wants to be served. And yet, he covers himself saying, "it is a matter of the truth for the subordinates to serve me, and I am teaching the truth." He is cheating and has cheated even by himself. Even though his subordinates suffer, he thinks, "I have only taught the truth, and they misunderstand me." Namely, he forms a framework of truth according to his own situations and gives a hard time to others.

There are following cases, too. Some workers not only serve those who are higher in order but also love others and care for them very well, too. It is good to act that way, but the problem is that they form frameworks thinking those who love God must act just like they do. Then, if they see some others who don't really act like that, they conclude that those people are doing something wrong.

I hope you will love God passionately, break all your righteousness and frameworks, and become His children who can obey understanding His heart.

The Secrets of Biblical Spaces Are Revealed Through the Publication of *Spirit, Soul, and Body Volume II* The Second of Two-part series *Spirit, Soul, and Body* a Bestseller

When a man dies, his spirit that looks alike leaves his body; which is seen at many movies and dramas. The spirit that has just left his body is greatly surprised to see the same shape lying on the floor. It is because such people do not know about original components of humans—spirit, soul and body.

A Korean saying goes, "If we know about the enemy and ourselves, we can win the battle every time." The messages on spirit, soul, and flesh let us reflect on ourselves deeply and understand the origin of men. That's why when we have the much knowledge of spirit, soul and body we can understand any kind of man and learn how to overcome the world of darkness by which we have been influenced without knowing and to lead a successful life.

♦SECRETS OF THE VAST SPACES OF THE SPIRIT

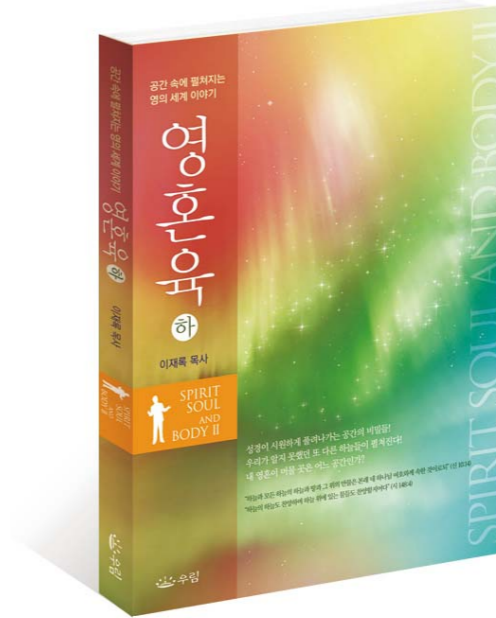

The Bible assures us of the existence of the spiritual realm and spiritual beings, and is telling us about the endless universe

and the original space that had existed since before the beginning of the world. It is written in Deuteronomy 10:14, "Behold, to the LORD your God belong heaven and the highest heavens, the earth and all that is in it."

The first volume of *Spirit, Soul, and Body* depicts the origin and identity of human beings, while the second volume deals with spiritual spaces, the origin of God the Creator, the space of God, the world of the Light and the kingdom of Heaven the children of God will dwell in forever.

♦THE LIMITLESS WORLD OF SPIRIT DISPLAYED IN THE SPACES OF THE SPIRIT

Cyber space is available to everyone who clicks in the computer, but the degree of efficiency depends on each one's knowledge on the function of the computer and the Internet. Similarly, to the extent that we understand the spaces of God, we can understand many amazing biblical accidents and

Spirit, Soul, and Body Volume 2, Dr. Jaerock Lee's 59th book, was published.

This work deals with the origin of human beings and the spiritual realm whose revelations the author has received through countless prayers and fasting. Spirit Soul and Body helps the readers understand what humans are like and the depths of the spiritual realm and the spiritual meanings embedded in the difficult verses.

This book doesn't only give Christians many benefits but also leads non-Christians to realize what kind of life is valuable and lead a successful life.

experience many more works of God.

Concerning the spaces of the spirit, the author Dr. Jaerock Lee says, "The spiritual realm is not so far, at the end of the endless universe. It is very near to this physical world we are living in. Just as we can see beautiful scenery simply by opening the windows, we can see and experience the spiritual world only if the door to the spiritual world opens." At this second volume, the author explains why the world of the Light and the world of darkness and why we should choose the world of the Light, and illustrates the spaces of the spirit with biblical examples so that the readers may understand the spiritual realm as if it were in their hands.

♦THOSE WHO EXPERIENCED THE SPACE OF THE SPIRIT

While stoned to death, Stephen saw the heavens opened up and the Lord standing at the right hand of God. It is because God opened the space of the fourth heaven. The apostle Peter who had been

imprisoned while spreading the gospel was released by the guidance of the angel of the Lord, and the same happened to the apostle Paul. This occurred when God opened the space of the third heaven and sent His strong angel to unshackle the apostles and open the jail.

If we have the clear comprehension of the secrets of the spiritual spaces and become a man of whole spirit, we can transcend the limitation of men and then utilize the spiritual spaces and see the appearance of God. Jesus said in John 1:51, "You will see the heavens opened and the angels of God ascending and descending on the Son of Man."
