

I Want to Become a Gospel Singer Who Revives Many Souls with the Lord's Love

Sister Sunwoo Lee (8th Parish)

In 1985, I won the first prize at the annual comedy contest hosted by KBS (Korean Broadcasting System) and began appearances as a female comedian at KBS. Meanwhile, on the advice of my manager, I changed professions from acting to singing. I was later listed among the top 10 singers in Korea. The manager told me he would arrange for me to win a first place as a singer, but in the end he swindled me out of a large sum of money. This incident was reported on a few TV news programs. I announced that I would retire from the singing profession. A few years later I was cast as a radio program MC and came to sing songs live at a café.

Relying on God in the Midst of Various Afflictions in the Entertainment World

A few couples who had considered divorce came to be reconciled after listening to my song. Those who had been quarreling came to be at peace with each other. Similar things started to happen. For this, I was invited to appear at the MBC TV Talk Show 'Lim Seong Hun' program with the title of 'Soul-healing Singer.' Taking advantage of this chance, I prepared a CD to make a comeback as singer. Again, I was swindled out of a great amount of money. At last I realized I had not paid the whole tithing to God.

Later I had to suffer from a great deal of mental pain because of a rumor about me that was floating around in the entertainment world. My name ranked No.1 on the Internet 'hit list', and major TV news programs reported it. Because I had been unreasonably accused like that, I fasted and offered down prayers to God.

Through Matthew 5:39-42, God let me find I had not obeyed His Word. In accordance with Matthew 5:44 I tried my best to pray for those who caused me pains and troubles. I expected that I would be able to spread the gospel effectively if I became a popular singer. I entered an entertainment management company. But I met with various difficulties.

It was true that God could not help me, but just watched over me because I didn't follow the truth. I felt how painful God's heart was and understood that He led me here and there according to His providence. I tried my best to draw myself closer to God.

One day I attended an international pastors' conference that 2,000 pastors participated in from many countries. I sang a special song and received a standing ovation. I then was asked to sing the song again. Afterwards I appeared at various Christian events hosted by a big and renowned church. But I became an object of jealousy among many people and was slandered by many people as well. My heart was hurt both inside and outside the church. Yet I served the church more zealously as a praise leader and a member of the choir.

Harboring a Hope for Sanctification through Reading Dr. Jaerock Lee's Books

I stayed far away from the worldly works and concentrated on praise ministry. In January of 2010, a friend of mine introduced to me the ministry of Manmin Central Church. I listened to Dr. Lee's sermons, attended Daniel Prayer Meetings held in Manmin Central Church, and had fellowship with a few members of the church. I felt the church was putting the Lord's love into action. I had heard with some obscurity about the First Kingdom and the

Second Kingdom in Heaven through those whose spirits had seen the kingdom of Heaven. But after reading *Spirit, Soul and Body: Volume I*, authored by Dr. Jaerock Lee, I was so amazed to find it vividly describes detailed accounts of the Kingdoms of Heaven including New Jerusalem, God's plan for human cultivation, and being of spirit and whole spirit. I had never heard about these things before...

I have a tendency to read all the books written by an author once I am touched by one of his books. So, I read most of Dr. Lee's books and felt the many things that cannot be found in any other books. The contents are so easy to read and understand. I found that if the readers meet with curious questions in the middle, satisfactory answers consistently follow as you continue to read. I was also moved by the love, power and authority embedded in the books.

Through *Man of Flesh, Man of Spirit I & II*, I became more assured that God is not a fearful God but a loving God, through *Life of Disobedience and Life of Obedience*, I came to discern among plagues, disasters, trials, and tests,

through *The Measure of Faith*, I could measure my faith exactly, and through *Awaken Israel*, I learned the Law of the Redemption of the Land and the Seven-year Great Tribulation. I could not close the book *Awaken Israel* until I had read the last page of it. My emotions were touched beyond description through *The Law of God, Love Is the Fulfillment of the Law, and My Life My Faith I & II*.

I had the knowledge of the Word of God during my past Christina life, but I was distressed in my heart because I had never tried to practice the Word in my life. As recorded in Hebrews 4:12, "For the word of God is living and active and sharper than any two-edged sword, and piercing as far as the division of soul and spirit, of both joints and marrow," I came to experience the power embedded in the Word of God that enabled me to practice what I had realized in my heart and caused my spirit to change. I eagerly desired to cut off and cast off the evils and sins God hates because I loved God. So I prayed to God, saying, "Let my inner self die and instead the Lord alone live within me. Let me cast away every form of evil." Dr. Lee's messages on sanctification were so powerful and effective to me.

Hoping to Delight the Lord with the Sweet Fragrance of Praise

In June I attended the 2010 Performing Arts Committee Devotional Service, and I realized that Dr. Jaerock Lee counts valuable not only book ministry but also Christian performance and culture ministry. I was so touched to experience the choir's anthem, special songs and dances and see the sound and video equipment. The holy attire and everything is the best and the best is offered to God. Many choirs and praise teams in other ministries have to provide holy attire and many necessary things for praise and worship services, but I saw the choir and performance teams of Manmin Central Church are supported by the sensitive consideration of Senior Pastor Dr. Jaerock Lee. They are able to dedicate themselves to practicing the songs and performances to please God the Father. I really appreciate this fact that I have met the true shepherd who fully understands the heart of God and accomplishes the works of God.

Because I had caused God pain for a long time, I prayed I would not disappoint the heart of God anymore. I pray to come forth as a child of God who can please Him. Now I give my heartfelt thanks to God for letting me meet with this precious shepherd who is presenting the clear signposts to sanctification. I was struggling in prayer to resemble God and God sent the shepherd who resembles Him so much to me and encouraged me to come forth as such a sanctified child of God.

God uses clean vessels so I had clung to the Word of God and prayers to become a clean vessel. Now I have the assurance through Dr. Jaerock Lee's message on sanctification that I will become wholly sanctified and holy as God is holy. He has let me know the kingdom of Heaven and what is more, leads me to possess the faith to advance toward the best and the most beautiful place of Heaven, and to seize the City of New Jerusalem by force. I wish to attain to the level of spirit and whole spirit as soon as possible and to bear a witness to the Lord as a praise leader worthy to glorify Him with the beautiful fragrance of praise.

Mini Divine Healing Meeting Was Short but Full of Touching Moments

A Myriad of Healing Testimonies Flood in by the Works of the Holy Spirit

On August 22, Dr. Jaerock Lee was conducting a mini divine healing meeting at the 2nd sanctuary in the midst of the preliminary and supportive praise of Hallelujah Praise Team, and everyone in attendance was filled with the Holy Spirit.

Dr. Jaerock Lee, Senior Pastor of Manmin Central Church, held a mini divine healing meeting for his church members after the Sunday evening service and before his departure for his special period of 3-week mountain prayer.

Until now, Senior Pastor Lee had been meeting with many church members and praying for them for their spiritual growth before the Friday all-night service, before Sunday morning services and after Sunday evening services. On August 22, 2010, as he was scheduled to depart from the church for a special 3-week mountain prayer. He held a special divine healing meeting for many of the church members who wanted to receive his prayer. The monthly Divine Healing Meeting is held in the main sanctuary during the second session of the Friday all-night service on the last Friday of every month. This impromptu divine healing meeting came as a surprise and was held in the 2nd sanctuary.

At 7:00 PM, two hours after the Sunday evening service ended, more

than a thousand church members gathered at the 2nd and 3rd sanctuaries. Some members, shortly after the Sunday evening service, occupied the frontal pews of the 2nd sanctuary to see him closer and waiting for the kick-off of the healing meeting. Hallelujah Praise Team offered the preliminary songs and then Dr. Jaerock Lee appeared at the altar of the 2nd sanctuary and commenced his message saying, "Do you love God?"

In his message, he continued, "If you love God, you can receive whatever you ask for and all of the blessings recorded in the Bible. The proof of the love for God is keeping His commandments." And he emphasized, "In order to accomplish the Canaan Sanctuary, first of all, God really wants His children to become sanctified."

After he finished speaking, the praise leader, Deaconess Rose Han, led the congregation in singing "Alas! And Did My Savior Bleed" (Hymn 141). Members then repented of their sins in prayer. Many church members throughout the sanctuaries moaned

in prayer and called out loudly in repentance. Senior Pastor Lee then led them to earnestly pray to receive the fullness of the Holy Spirit and after that he began praying for the healing of their diseases and fulfillment of their heart's desires.

After he prayed for the sick from the podium a 53-year-old deaconess, Jung-ok Ji, testified to her healing saying, "While he was praying, lights flashed before my eyes and I felt something cool in my body. The pain in the ligament in my left knee disappeared and strain to the muscles was also gone. A 47-year-old senior deaconess, Soeun Kim, testified, "I've been suffering regularly from piercing pain because of hallux valgus in which both the big toes are abnormally bent and point inward towards the other toes of the same foot. But tonight the pain disappeared."

A 55-year-old senior deaconess named Dukboon Chang was healed of the pain in her right arm, and Deaconess Hyunjung Ryu, 45 years old, was relieved of spinal pain. Senior Deaconess Hyungryun Kim, 55 years old, had suffered from her blood-shot left eye but it recovered to normal.

In addition, many believers became filled with the Holy Spirit, and their hearts became more fervent with the longing of heart for sanctification. It is widely expected that in this second half of the year, the church will be filled with God's answers to their prayers and the glorification of God.

Revision of *Come and See the Evidences of the Living God Has Been Printed*

People are rational beings so that they have a tendency to believe only what they have personally seen and experienced firsthand. According to the recording of the first chapter of the Gospel of John, when Philip said to Nathanael, "We have found Him of whom Moses in the Law and also the Prophets wrote Jesus of Nazareth, the son of Joseph," Nathanael didn't

believe it. He replied, "Can any good thing come out of Nazareth?" But Philip said to him, "Come and see" and Nathanael accepted his proposal and became a follower of Jesus after witnessing many signs and wonders performed by Him.

The revision of *Come and See the Evidences of the Living God* printed on August 31 depicts God the Creator, the Savior Jesus Christ, true faith and eternal life, and the Second Advent of the Lord, and also covers many testimonies of faith that believers experienced as the proofs of the living God.

Publication of a Textbook for Children: *Bear the Fruit of the Spirit*

On August 31, the third Bible study textbook for the Children's Sunday School, *Bear the Fruit of the Spirit*, was published. It follows the first textbook, *There Are Different Measures in Faith*, and the second textbook, *Ten Commandments: The Law of God*. This textbook is a compilation of Dr. Jaerock Lee's book *There Is No Law Against Such Things* written at the reading level of children. The book includes easy explanations and interesting illustrations of the nine fruits of the Holy Spirit—love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control.

The Inspiration, Influence, Communication and Fullness of the Holy Spirit

Our Helper the Holy Spirit assures people that Jesus is the Savior and was raised from the dead. When people believe in Jesus Christ from the heart, the Holy Spirit leads them to be born again and to gain complete salvation. The most fundamental and important duty of the Holy Spirit is to change the heart of men, allow for them to repent of their sins and to help them to love God. The Holy Spirit fulfills this duty through inspiration, influence, communication, and the fullness of spirit.

As recorded in 1 John 5:7, the Spirit is the truth and helps God's children as much as their hearts are filled with the truth. Just as a competent businessman displays different capabilities according to the amount of the capital he possesses, the Holy Spirit can work for the children of God only according to how much they have filled their heart with the truth. In other words, we can receive different levels of help from the Holy Spirit according to our different levels of faith.

1. To Be Filled with the Spirit

Being filled with the Spirit means that the Holy Spirit helps us feel the spiritual space through the truth we have put into our hearts. Let's say a believer has cultivated her heart into spirit 10%. If she is filled with the Holy Spirit, the Holy Spirit expands her spiritual heart of 10% like a balloon and fills her whole heart with the spirit for that moment. Then, her heart is full of happiness and joy in a spiritual space and has no flesh at all for just that period of time. Because her spiritual heart, a tenth of her heart, can govern her whole heart, it makes it possible for many kinds of spiritual works to happen without regard to the 90% of the heart that is fleshly.

Thus, if we are filled with the Holy Spirit, we can possess the faith in which what seems impossible with human abilities is made possible, rejoice in the situations in which we cannot rejoice, and give thanks under conditions where we normally would not be able to give thanks. When we give thanks and rejoice by faith, our heart's desires are fulfilled and our prayers are answered more quickly. That's why our prayers are answered more quickly when we are filled with the Holy Spirit.

2. To Have Communication with the Holy Spirit

Having communication with the Holy

"It will come about after this that I will pour out My Spirit on all mankind; and your sons and daughters will prophesy, your old men will dream dreams, your young men will see visions. Even on the male and female servants I will pour out My Spirit in those days." (Joel 2:28-29)

"And do not get drunk with wine, for that is dissipation, but be filled with the Spirit." (Ephesians 5:18)

Senior Pastor Dr. Jaerock Lee

Spirit refers to being able to hear the voice of the Holy Spirit and being guided and supervised by Him. John 14:26 reads, "But the Helper, the Holy Spirit, whom the Father will send in My name, He will teach you all things, and bring to your remembrance all that I said to you."

What does it mean by 'hearing the voice of the Holy Spirit'? The Holy Spirit is a being of the Triune God. He speaks to us in detail and reminds us of the word of truth of God. When we hear Him from within our heart and hear what He says, this is 'hearing the voice of the Holy Spirit'. For instance, the Holy Spirit sometimes reminds us in our hearts of specific passages of scriptures: "If anyone wants to take your shirt, let him have your coat also," "Love your enemies," "Among you, whoever wishes to become great among you shall be your servant," and so on. Some other times, the Holy Spirit tells us in our heart what we have to do and what we have to say.

'Supervision by the Holy Spirit' means the Holy Spirit moves our heart and causes us to want to do something. In some situations, the Holy Spirit moves our heart and causes us to pray or act with charity towards someone. As in Acts 16:6, when we have to make a decision the Holy Spirit

manages our thoughts and helps us to realize what we should avoid and what we should pursue to be of greater benefit to the kingdom of God.

'Being guided by the Holy Spirit' is the result of acting according to what we hear and what He tells in our hearts. Through this guidance of the Holy Spirit He is able to manage and supervise us. But, if the Holy Spirit tells us something in our hearts and we fail to notice it, if we ignore or disobey what we heard, then He cannot keep on urging us and we will not hear His voice any longer.

3. To Be Inspired and Influenced by the Holy Spirit

'Being inspired and influenced by the Holy Spirit' means we can personally feel and experience firsthand the various works of the original space of God and realize depths of God's heart. By the inspiration and influence of the Holy Spirit we can feel the perfect goodness and unlimited power of God that cannot be felt in this world at all, but is displayed in His original space. Not only can we just hear the voice of God and see visions, but we are also able to understand the heart and will of God embedded in the visions explicitly.

The influence and the inspiration come almost simultaneously with detailed realization. We can be inspired and influenced by hearing the voice of the Holy Spirit within original space of God and understand the meanings by the inspiration of the Holy Spirit. It is as though you were suddenly transported from where you are to a beautiful park. The beautiful scenery with flowers and trees is instantly and clearly visible to your eyes, and at that same moment you sense and experience the beauty and peace in your heart.

When we enter the original space of God and see visions and hear spiritual voices in the space by the help of the Holy Spirit, we are in the influence of the Holy Spirit. When we understand the depths of the heart of God imbued in those spiritual works, we are in the inspiration of the Holy Spirit. If we are influenced and inspired by the Holy Spirit, we can experience various works of the Holy Spirit and stay in the original space of God where we are kept away from any kind of forces of darkness. In that original space of spirit we can understand those secreted things that are to occur in the future and receive deep revelations concerning the spiritual realm (refer: 2 Peter 1:12).

The Powerful Works God Manifested through Handkerchief Prayer Awaken Many Nepalis

In the same way that extraordinary miracles were performed through the aprons and the handkerchiefs that had touched the body of the apostle Paul, many powerful works of God are happening in Nepal through the handkerchief Dr. Jaerock Lee prayed on and Nepali ministry is improving. From August 16 to 18, Pastor Grace Lee, who was commissioned as a missionary to Nepal by Manmin Central Church, and Pastor Simon Gurung, who is ministering to Immanuel Baptist Church, conducted a seminar for pastors and church leaders and healing meetings with the handkerchiefs. Three days later, on August 21, Pastor Grace Lee held another healing meeting at the Holy People Church in the Hetauda area in Nepal. In addition, she is conducting monthly handkerchief healing meeting at the Nepal Manmin Mission Center and many believers are experiencing the power of God and they are increasing their faith.

The 2010 Deaf-mute Mission Summer Retreat Brought Decades of Foreign Deaf-mutes

"Our Hearts Overflow with the Love of the Lord that is Given by No One Else!"

From July 27 to August 11, nineteen deaf-mute believers visited Manmin Central Church from 4 nations: Malaysia, Thailand, Denmark and Taiwan. The believers from Penang and Malacca in Malaysia and Hat Yai in Thailand had longing hearts to experience the holiness gospel and God's powerful works. They flew to Korea to attend the 2010 Manmin Summer Retreat and visit the Muan Sweet Water site. Their happy testimonies are carried in this issue of *Manmin News*.

The Ministry for the Deaf-mute Overseas

Pastor Junghoon Ji, now the Vice Guidance Teacher of the Deaf-mute Mission of Manmin Central Church, had been doing a ministry in Malaysia for some time but later came back to Korea. One day he came to read the messages of Dr. Jaerock Lee and was so touched in his heart. He began spreading the holiness gospel to Malaysian deaf-mutes through the Internet. When the messages on Heaven and Hell were delivered, their spirits were awakened. Through the holiness gospel they came to have a yearning for sanctification and to make changes in their lives. They themselves prepared a place for the worship service and attended the service via the Internet. They also requested Manmin Central Church to send Pastor Ji to Malaysia to teach them the messages on sanctification firsthand. Since that time he has frequently visited there to teach them.

The Malaysian deaf-mute believers had watched the web-broadcasting of the Friday all-night service and Sunday morning and evening services of Manmin Central Church through sign language translation, and their faith grew. On June 20, 2010, they offered the establishment service for the Penang Manmin Deaf-mute Church. Since then, two more branch churches have been founded in Malacca of Malaysia and in Hat Yai of Thailand. In Surat Thani of Malaysia and Trang of Thailand, deaf-mute believers have already purchased the land for the church and are preparing to open a branch church in each location respectively. In addition, many more deaf-mute believers around the world are waiting for a branch church to be established.

The Lord Healed Me of AIDS and Guided Me into Heaven

In March of 2008, I felt a lump on the right side of my neck. I went to the hospital for an evaluation. I was diagnosed with AIDS. It was a flashing shock to me. I was seriously depressed and lost heart. From my childhood I had led a homosexual life. I was addicted to drinking, smoking and drugs. I even visited the red-light district in Thailand.

After receiving the diagnostic result, I lost weight and suffered from itchy skin. In that suffering, I felt inclined to go to church, and paid a visit to a deaf-mute church. Pastor Ji, who was staying in Malaysia, told me to distance myself from TV, phone conversations and friends. I was advised to attend the worship service attentively and to offer a fasting prayer every morning for 40 days. I simply obeyed every word.

Pastor Ji returned to Korea and a Malaysian pastor candidate, Pastor

Chankok Seng (30, Penang Manmin Deaf-mute Church, Malaysia)

Mahendran, flew to Korea to see Pastor Ji. After coming back, Pastor Mahendran told me of the many wonders and signs that are taking place at Manmin Central Church. From that time, I came to believe and have the hope that I would be able to be healed through the prayer of Dr. Jaerock Lee who is manifesting God's powerful works.

In January of 2009, Pastor Ji visited Malaysia again. He explained how serious sexual immortality is and spoke in detail about Heaven and Hell. By faith I quit taking medications and prayed to God.

I fasted 7 days and repented with tears that I had lived a messy sex life and been addicted to drugs. When Pastor Ji was about to return home after completing his mission trip, I asked him to convey my special offering to Dr. Jaerock Lee and to tell him my prayer request. Pastor Ji received the prayer from Dr. Lee on my behalf.

After that I began to recover from my illness and the itchiness disappeared. I never skipped attending the worship service and never ceased praying. Whenever I attended Daniel Prayer Meeting, I received Dr. Jaerock Lee's prayer for the sick every night. The lump on the neck disappeared and I began to gain weight from 60kg to 77kg. The doctors confirmed my recovery. In July I recovered my good health enough to go to work. I give my heartfelt gratitude to the Lord who saved me from the path to Hell.
