

THE POWER OF GOD

A Prayer Ended the Long Drought

Hilik Bar
(Ministry of Foreign Affairs and Tourism in Jerusalem)

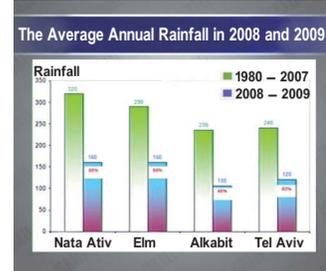

◆ Israel has two seasons: the rainy season and the dry season. The dry season is between May and October. The statistics from 2002-2007 showed that for each of those years there had been no rain in September. The people were suffering from the worst drought effects and shortages of water from 2008 to 2009 in particular.

During the 2009 Israel United Crusade on September 6th and 7th, in the midst of the drought, Dr. Jaerock Lee prayed for it to rain in Israel. After the prayer, on September 8, 9, 20, 21, 22, 29, and 30, heavy rain from the Northern area of Israel to the middle part relieved the drought.

Then, local people asked Dr. Lee to pray once again. During Manmin Central Church's Sunday Morning Service on October 4, 2009, he prayed again from Korea for Israel to enjoy abundant rain. Beginning the next day, once again it started to rain here and there in Israel. It became a topic of national conversation. It was reported in the literary media including *The Jerusalem Post*, the leading Israeli English daily magazine, *Call Haire*, a Hebrew Newspaper; *Haarets*, an Internet portal site (haaretz.com); and *In Victory* (invictory.org) also carried articles.

Mr. Hilik Bar, ministry of Foreign Affairs and Tourism in Jerusalem stated, "I experienced such an amazing power in 2009 Israel United Crusade with Rev. Dr. Jaerock Lee. The powerful works manifested through Dr. Lee before many people in International Convention Center were awesome. I felt like he was a father of countless people. It was a true blessing to have the great event in Jerusalem. I hope that in the future such events will continue to be held.

What's more amazing is that Dr. Lee's prayer caused it to rain. Israel was gripped by severe drought for a few years. We were short of water because it hadn't rain. The Sea of Galilee was at a very low water level. But God listened to Dr. Lee's prayer and poured down a lot of water upon Jerusalem and Israel. I give thanks to Dr. Lee who prayed for it to happen."

"Rev. Dr. Jaerock Lee of Manmin Central Church of Korea prayed for it to rain in Israel" (The Jerusalem Post on October 4, 2009)

Welcoming the winter, there was quite a lot of rain in Israel. The Israeli Meteorological Administration said the amount of rainfall in this period is as much as the seasonal mean rainfall. The rain of 12mm fell in Netanya, the rain of 41mm in Tel Aviv, and the rain of 52mm in Haifa.

Rev. Dr. Jaerock Lee who loved Israelis made a visit to Jerusalem a while ago. After he prayed for it to rain, the rain of blessings fell as the answer to his prayer.

"Jesus Christ is the one and only Messiah!"

The Crystal Forum Association of Israel (www.acf.org.il) hosted the '2009 Israel United Crusade with Rev. Dr. Jaerock Lee' at the International Convention Center (ICC) in Jerusalem on September 6 and 7, 2009. Dr. Lee proclaimed to attendees from 36 countries that Jesus is our Savior and He is the Messiah.

After the message he prayed for the sick and then many people came up to the stage to give their testimonies of the healing of polio, poor eyesight, cancer, herniated discs, and the like. The crusade was broadcast live through Enlace, CNL, TBN Russia, Digital Congo, and GCN (Global Christian Network). It was also aired through 33 public TV networks, independent cable broadcasters, and satellite broadcasters including Day Star, Miracle TV, and Heaven TV 7.

Israel that was suffering from the effects of severe drought and there were water shortages during the crusade. Dr. Lee prayed for it to rain in Israel. Beginning the very next day and continuing for several days there was quite a lot of rain. It was reported on the news programs of Israeli public TV. It amazed many people who heard the news. (Refer to page 4)

One year later, in September 2010, Israel United Crusade's First Commemorative Conference was hosted by the Crystal Forum in the ICC Haifa. The conference was named 'This Is Your Day for the Miracle' Conference. Bishop Dr. Myongho Cheong and Pastor Henry Madava delivered the messages under the title of 'Transformation.' Bishop Dr. Cheong, chairman of the United Holiness Church of Jesus Christ, Africa, was invited to speak on the behalf of Manmin. Many participants were healed of many kinds of diseases including herniated lumbar discs and arthritis. Some of the people who had walked with a limp came to walk well. Many powerful works in addition to these unfolded and the attendees gave glory to God.

The fruit of holiness has been borne through such great and powerful works that were planted in the hearts of the Israelis. The number of newcomers every day. Also, Dr. Lee's books in English, Russian, Hebrew, and Arabic have been passed to the people in other areas and the messages have been preached in a multitude of churches.

Pastor Rosel Matev, from Jerusalem, is quoted as saying, "I have heard about what love is many times and read many books about the topic of love, but I came to know about the true love through Dr. Jaerock Lee. I was also deeply moved by his books such as *The Measure of Faith, Heaven I & II*, and *Hell*. I realized that I need to serve God with a sincere heart.

TBN Russia and CNL have broadcasted Dr. Lee's messages every day at 5 P.M. and 11 P.M. Brother Mark, from Ashdod, said, "My wife, Lika, and I have been listening to Dr. Lee's message of holiness and watching the works of power for quite a long time. We make the words of life our daily bread."

Pastor Daniel Rozen of Livingstone Church in Tel Aviv stated, "By attending the service of Manmin Central Church through the Internet, I came to ride on the same spiritual flow with the church and long for sanctification and New Jerusalem all the more. Amazing healing works have taken place when I pray for the sick with the handkerchief on which Dr. Lee prayed."

Dr. Jaerock Lee's Israel United Crusade's Second Commemorative Conference will be held this upcoming October. The worldwide renowned revivalist Pastor Morris Cerullo, and Pastor Vladimir Osipov, president of United Holiness Church of Jesus Christ, Russia will preach. We hope that beautiful fruit of the Lord's love embedded in the cross and the holiness gospel will be borne abundantly in Israel where the gospel of Jesus Christ began, but where the people are still waiting for the Messiah.

I Gained a Son, Solomon through Blessings of Conception and Easy Delivery"

Rudmila (Way, Truth, and Life Church)

I had two miscarriages during the three years after marriage. I was in trouble because I couldn't have a baby. I prayed to God since I wanted a baby. One day, I happened to meet Rev. Dr. Jaerock Lee when he visited Israel. When he was about to pray for me I told him that I wanted to have a baby. After his prayer, I got pregnant and God let my husband know that the baby's name would be Solomon.

It was not easy to deliver the baby by natural birth because he was big. But I relied on God shouting, "God, help me!" At that very moment, I received strength and felt the existence of God. I caught my breath and

strained my abdomen. Then I felt strong power come upon me. It was the blessing of God. I gave birth to the healthy baby, my son in March 2010. Whenever I look at Solomon, my son, I give thanks to God for God's gift to us. I also extend my thanks to Dr. Lee who prayed for my family and me.

"We Recovered Our Health. We Are Happy"

Pastor Shlomy Abramov (Crown of Jewels Church)

My family has received abundant blessings from God through Rev. Dr. Jaerock Lee. My mother was staying in a sanatorium and fell on the floor. As a result, she couldn't walk. But she started to walk leaning on the walker after I sprayed Muan Sweet Water on her with faith. Then, she later came to walk well without the walker.

My wife had a medical emergency requiring prompt surgical treatment due to cholecystitis. In December 2009 her doctor in the US, told me that if she stayed in Israel without surgery

she would die. But my wife and I asked Dr. Lee to pray for her and she did not receive any medical treatment. After the prayer transcending space and time, my wife was completely healed and now enjoys good health. I give my love and thanks to Dr. Lee who prayed for us.

The Heavens

“You alone are the LORD. You have made the heavens, the heaven of heavens with all their host, the earth and all that is on it, the seas and all that is in them. You give life to all of them and the heavenly host bows down before You.” (Nehemiah 9:6)

God the Creator dwells in the spiritual space that is completely different from our dwelling space. Many people think this visible world that includes the earth and the universes is all that exists. With the human understanding, even space scientists cannot measure and comprehend many of the things just in this visible universe. Then how much more vast, beautiful, and mysterious are the invisible heavens?

1. There are several heavens

Today there are scientists who acknowledge that there are many heavens (universes) that exist. For example, a well-known American physicist, Max Tegmark introduced a new school of thought supporting the existence of several heavens (universes). As a result of the astronomical observations, the theory states that our universe (heaven) is only a very small part of the entire universe and there are many more heavens that are believed to exist. The theory also states that these heavens or universes have their own unique characteristics.

Actually, there are other universes apart from our universe, and each universe is different from one another in physical characteristics; namely, their own time and space. Science cannot explain every aspect of the spiritual realm, but some researches ascertain that our universe is not all there is to the universe as we know it.

Above all, the Bible clearly tells us that there are several heavens. Many verses of the Bible emphasize that there are several heavens. Psalm 68:33 says, “To Him who rides upon the highest heavens, which are from ancient times; Behold, He speaks forth with His voice, a mighty voice.” 1 Kings 8:27 reads, “But will God indeed dwell on the earth—Behold, heaven and the highest heaven cannot contain You, how much less this house which I have built!”

2 Corinthians 12:2 reads, “I know a man in Christ who fourteen years ago—whether in the body I do not know, or out of the body I do not know, God knows—such a man was caught up to the third heaven.” The verse is the Apostle Paul’s words that he was taken into the third heaven. We can guess that there are the First heaven, the Second heaven, the Third heaven, and the more.

Deacon Stephen said in Acts 7:56, “Behold, I see the heavens opened up and the Son of Man standing at the right hand of God.” Anyone who is in the First heaven can see the Fourth heaven where the resurrected Lord and Father God dwell when God opens his spiritual eyes.

2. The first heaven and the second heaven were prepared for human cultivation

In the concepts of their time and space, the Garden of Eden in the second heaven is very different from the first heaven where we live. Time and space of the first heaven have limitation, but the time and space of the Garden of Eden know no limitation. The second heaven and above belong to the spiritual realm.

In the second heaven there is a space of light that encompasses the Garden of Eden and a separated space of darkness for the evil spirits. Ephesians 2:2 talks about the evil spirits of the power of the air, and it is the second heaven where they exist. Genesis 3:24 said that God

Senior Pastor Dr. Jaerock Lee

stationed the cherubim and the flaming sword which turned every direction to guard the way to the tree of life at the east of the Garden of Eden. Why, then, did God make them guard the way at the east of the Garden of Eden?

Before Adam ate of the tree of the knowledge of good and evil, God had given him the authority to govern all things in the first heaven. However, he was driven out of the garden for disobeying the word of God and eating the fruit. (Genesis Chapter 2-3)

Then God needed beings to guard the Garden of Eden. The Garden of Eden belongs to God, who is the Light, and it borders on the world of evil spirits to the east. So, instead of Adam, who had sinned, God stationed the cherubim and the flaming sword which turned every direction. By doing so, God stopped all evil spirits from crossing the border line into the Light.

3. The Garden of Eden where Adam, the first man who was also a living spirit, once dwelled

God created the first man, Adam of dust from the ground on the Earth. As written in Genesis Chapter 2, God planted a garden towards the east in Eden and there He placed the man. Since Adam was a spiritual being created with the breath of life from God, God put him in the second heaven that is in the spiritual world.

God said in Genesis 3:16 that He would ‘greatly multiply the pain of Eve in childbirth’. It is a proof that Eve gave birth to children and had at least some pain in childbirth when she lived in the Garden of Eden before she ate of the tree of knowledge of good and evil. Genesis 1:28 records that Adam and Eve were fruitful, multiplied, and bore children in the Garden of Eden.

In the Garden of Eden, there is no death and aging, even if a long time passes. There, nothing changes or perishes. For this reason, people in the Garden of Eden do not feel any change or difference in anything with the passing of time. In a sense, for them time seems to have stopped. The space of the Garden of Eden has no limitation and it is stretched out boundlessly.

In the Garden of Eden are Adam’s countless descendants who he bore when he lived there. They have lived to this day and they have continually multiplied. They had come down freely to the earth in the first

heaven before Adam sinned. However, from the time that Adam was driven out of the Garden of Eden they could only come down to the Earth under very specific conditions.

4. The third heaven, where the heavenly kingdom exists

The third heaven has no limitation of both time and space. The third heaven has more eternal time and more boundless space than the second heaven. With knowledge of the first heaven, it is difficult to understand the kingdom of heaven located in the eternal time and boundless space.

For example, a balloon has a relatively smaller size and volume before inflating it. The balloon’s size and volume can change according to how much you inflate it. The space of the heavenly kingdom is similar to the balloon. In this world, we need a large parcel of land to build a house, yet the space is limited. However, the space of the third heaven has no limitation in its size, volume, length, width, and height. In this sense the kingdom of heaven in the third heaven is endlessly free to build houses.

Among the heavenly kingdoms, it is in the third heaven where the saved children of God will dwell forever and ever. The apostle Paul received the revelations from the Lord and saw clear visions. In particular, he saw Paradise in the kingdom of heaven, a part of the third heaven as recorded in 2 Corinthians 12:2-4. The heavenly kingdom is divided into Paradise, which is the ‘outskirts’ of Heaven, the first heavenly kingdom, the second heavenly kingdom, the third heavenly kingdom, and New Jerusalem where God’s throne is located.

5. The fourth heaven, God’s dwelling place

The fourth heaven is the original space where God has existed since before the beginning. That is, before He divided the entire universe into several heavens. In the fourth heaven, it is meaningless to use the conception of time and space. The fourth heaven transcends every kind of measure of time and space. It is where anything God desires in His Heart is accomplished instantly.

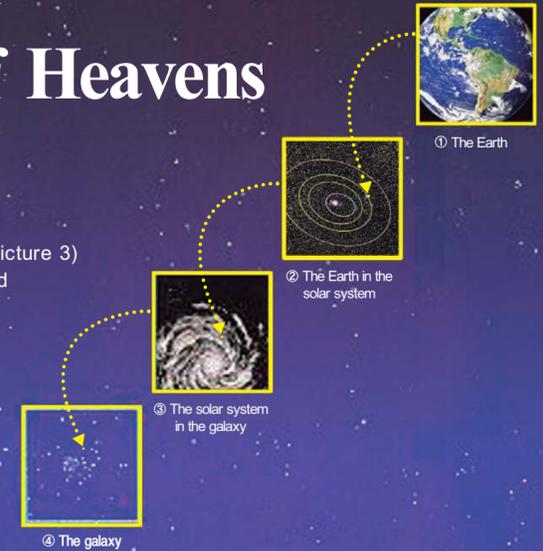

The disciples made the door fast, for fear of the Jews, the resurrected Lord came and stood in their midst as recorded in John 20:19-20. Nobody opened the door, but the Lord appeared in their midst. He suddenly appeared at the Sea of Galilee where His disciples gathered, and He had a meal with them. He stayed on the earth for 40 days and ascended into Heaven in clouds in full view of around 500 people.

Then what about the fourth heaven where God the Origin exists? In the beginning, God existed in the form of the light containing the sound. He harbored all universes in His heart and governed all things. God dwells not only in the fourth heaven but also the first heaven, the second heaven, and the third heaven. He governs all the heavens.

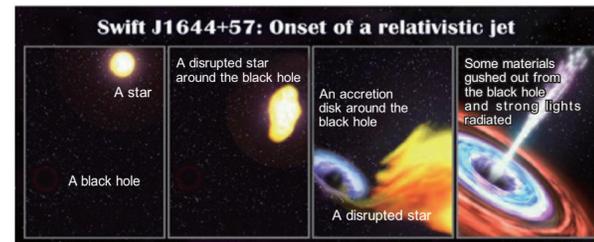

God created all the heavens and all things in them. He knows everything and has power to answer our prayers. Thus, I pray in the name of the Lord that you will have true faith to rely only on God alone and receive answers to your prayer no matter what your problems are.

Mysterious Spaces of Heavens

Countless groups of galaxies exist in the universe. In a spiral galaxy among the countless galaxies, is the Earth (Picture 3). A spot in the spiral is the sun. We are living on the planet called ‘the Earth’ that is revolving around the sun. By comparing a grain of sand to the sea with the spiral galaxy where we are living, we can almost imagine how big the universe is. (Picture 4). Additionally, the Bible tells us that there are several heavens in addition to the heaven that is visible.

Astronomers thought that a star would be ripped apart near a black hole due to gravity. They also predicted a great deal of energy would emanate as a form of light when the disrupted stars were sucked into black hole because of friction among other materials. For the first time, through a satellite and an astronomical telescope, how a star was drawn into super massive black hole and the resulting radiating lights was recently captured 3.9 billion light years from the earth. (A ‘light year’ is the distance light travels in a year.)

A black hole is swallowing a star. The star was destroyed for approaching the black hole. Disrupted star forms an accretion disk around the black hole. Some materials gushed out from the black hole and strong lights radiated. Then, all remaining remnants were sucked into the inner black hole and the lights disappeared. (Source: Digital Times)

What kind of space is there in such a black hole? What kinds of spaces are there, other than the universe, that we know? The Bible lets us know there are several heavens in addition to the visible heaven. Such heavens are strictly separated, but they are linked closely at the same time. So the gates of the second heaven, the third heaven, and the fourth heaven open in the first heaven where we live.

The things that happen when the space of the second heaven opens into the first heaven

For example, at the judgment on Sodom and Gomorrah, fire and brimstone came down from heaven like rain. (Genesis 19:24) It’s the same when Elijah confronted 850 prophets of gentile gods at Mount Carmel and brought down fire from heaven. (1 Kings 18:37-38) God opened the gates of the second heaven and burned the things of the first heaven. There was a star of the second heaven that guided the three magi to the Baby Jesus as recorded in Matthew 2:9. God moved a star in the second heaven so that there was no influence at all in the first heaven. Then, God opened the space of the second heaven where the star was moving, so that the magi could see it. God gave manna to the sons of Israel for 40 years. The manna was also given from the second heaven as written in Exodus 16:4.

Thus, if an object from the second heaven comes out to the space of the first heaven, people in the first heaven can see and touch it.

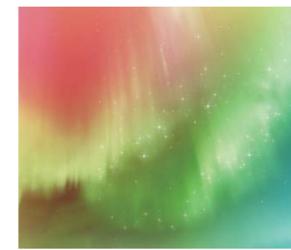

The things that happen when the space of the third heaven opening into the first heaven

When the apostles Paul and Peter were preaching the gospel and were guiltlessly imprisoned, angels of the Lord helped them. The angels were able to come to them and help them get out of the prison because the space of the third heaven opens into that of the first heaven. (Acts 12:7-10, 16:25-26) The apostles Paul and Peter felt no resentment in their suffering being persecuted. Because they praised God and rejoiced instead, God sent them angels to loosen their bindings.

God sent His angel to Daniel and shut the mouths of lions so they couldn’t harm Daniel when he was cast into the lions’ den as recorded in Daniel 6:22. Daniel was protected because he had committed no crime.

When the heavenly host and angels come and go, the passageway to the third heaven opens up. When the beings in the third heaven come down to this first heaven, they also have to be covered by the space of the third dimension. It is like people have to wear a space suit to walk on the surface of the moon.

The power of God which can take place in the fourth heaven

The fourth heaven is the space of God the Origin and exists for God the Trinity. Everything is possible in the fourth heaven. In the fourth heaven, as God harbors something in heart, it is done. Physical things can be created from nothing. A solid substance can become liquid, and the liquid can become gas, or the gas can become a solid substance freely without a transformational process. In the fourth heaven, the works of creation, the works transcending space and time, the works related to life, and the works manifested through use of the spiritual realm can take place.

Since Jesus possessed this fourth dimension, even though He was far distanced from them, the sick were healed through just His words as written in Matthew Chapter 8. Joshua made the sun stand still as written in Joshua 10:13, Elijah outran the chariot of Ahab as described in 1 Kings Chapter 18, and Deacon Philip moved through the space in Acts Chapter 8. However, those works can happen only when things are proper according to the justice of God. This is because God the Almighty, who governs all heavens, is the love and justice.
