## God's Powerful Works Verified by Modern Medicine

Aired in the Whole World via GCN Program 'WCDN'

Now is the end time when people don't believe in God unless they see signs and wonders just as Jesus said. The God of love is still showing His great and amazing works of power to save all people of all nations who are as many as approximately 7.2 billion.

In Manmin Central Church, numerous signs, wonders, and God's powerful works have been manifested by Senior Pastor Dr. Jaerock Lee. The works have also been verified through WCDN organized by the church, which proved the Bible is authentic, and is being made known to the world via GCN broadcasting.

GCN is the Christian broadcaster spreading the power of God and the holiness gospel to the ends of the earth ([www.gcntv.org](http://www.gcntv.org)). Its many programs are contributing to souls' salvation.

Among them, 'WCDN' is a program which presents amazing divine healing cases for the glory of God. Astounding works recorded in the Four Gospels and the Acts of Apostles are still happening and introduced in the program; the dead came to life, the blind to see, the

mute to speak, the deaf to hear, and the lame to walk.

WCDN (World Christian Doctors Network) is a global Christian doctors' organization which attests to the powerful works of God with medical data. They have held an annual international conference in various areas under the main theme "Spirituality and Medicine."

The program 'WCDN' is hosted by Dr. Gilbert Chae, President of WCDN and has its premiere on December 16, 2013. It now has 13 episodes. Grounded on medical data, Dr. Chae shows a variety of divine healing cases of people who were healed of their diseases by Dr. Jaerock Lee's prayer, which brought great responses from viewers.

Dr. Jaerock Lee has devoted himself to preaching

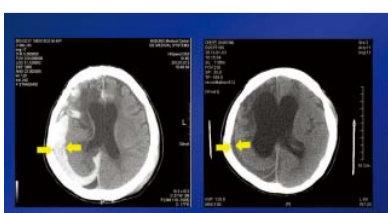

the holiness gospel to every corner of the world and helping all people of all nations meet the living God, have true faith, and lead appropriate Christian lives. Through his space-and-time-transcending prayer of power, countless people have been cured of various incurable diseases including cancers, leukemia, and AIDS. Countless numbers have been made whole from infirmities such as the physically disadvantaged coming to walk and jump, those with poor eyesight or hearing gaining the ability to hear and see normally, even the barren receiving the blessing of conception.

*Manmin News* is going to introduce seven cases among the cases presented via GCN with their medical data (More on Page 4).

### 1 → Cerebral Hemorrhage Healing Case, by the Prayer on the Photo

Brother Hanjin Lee, aged 53, fell on an icy road and got a severe headache. The medical test showed he had a right subarachnoid hemorrhage. He couldn't move so his family members received Dr. Jaerock Lee's prayer on his picture. But he didn't get better and he even got pneumonia, which caused him to rely on a respirator to sustain life though he had already had a tracheal intubation.

His family members realized that they and he had walls of sins against God and thoroughly repented of their and his past transgressions before God. Then, they received Dr. Lee's prayer again and transcending space and time he was healed of pneumonia and cerebral hemorrhage.

**Before prayer:** Cerebral Hemorrhage in the right  
**After prayer:** No Cerebral Hemorrhage

### 2 → Calcific Tendinitis Healing Case, by the Handkerchief Prayer of Power

Sister Lucy Hwang, aged 25, had a severe pain on her wrist. She was unable to wash her face, comb her hair, and put on her clothes by herself. Her X-rays and MRI scan said that she had calcific tendinitis. The doctor recommended she have steroid injection, but she didn't have any medical treatment because she wanted to receive healing by faith.

Then, she attended Manmin Prayer Center's Divine Healing Meeting led by the Center President Mrs. Boknim Lee and repented thoroughly that she had had lukewarm faith. She received the prayer of handkerchief on which Dr. Jaerock Lee had prayed (Ref: Acts 19:11-12). Then, she was completely healed.

**Before prayer:** Calcification  
**After prayer:** No calcification

She was testifying to her healing case in the 10<sup>th</sup> WCDN International Christian Medical Conference in Mexico

## Rainbow, the token of God's love and promise

♦ Since the circular rainbow surrounding the sun appeared in the sky over Manmin Central Church on the 15<sup>th</sup> of May in 1998, Manmin members have often witnessed extraordinary rainbows during the last 17 years. It helped them understand the spiritual realm better and has given greater hope for Heaven that houses the throne of God.

"And He who was sitting was like a jasper stone and a sardius in appearance; and there was a rainbow around the throne, like an emerald in appearance" (Revelation 4:3).

﴿ God Is Love ﴾

## By Visible Signs

"Men of Israel, listen to these words: Jesus the Nazarene, a man attested to you by God with miracles and wonders and signs which God performed through Him in your midst, just as you yourselves know" (Acts 2:22).

Since God is love, He desires all men to accept Jesus Christ, be forgiven of sins, and reach eternal life (1 Timothy 2:4). So He let churches be established and His Words be preached. He also showed amazing signs, wonders, and powerful works. Moreover, in each period He established His people so that His invisible love might be made visible and tangible through them.

Then, what kind of ministry has God entrusted to a person attested by God as the proof of His love? And what kind of blessings will come upon us when we trust and love him?

### 1. In each era God's people have been attested to by Him

Acts 3:22 reads, "Moses said, 'The Lord God will raise up for you a prophet like me from your brethren; to Him you shall give heed to everything He says to you.'" It is the prophecy concerning Jesus, who is God's only begotten Son who came to the earth in flesh. At the same time, it is about prophets whom God has sent for His people.

Adam, the first man, received the authority to rule over all things and subdue them from God and he lived as the lord of all things. But, by the temptation of the serpent, Adam committed the sin of eating from the tree of the knowledge of good and evil that God had forbidden him to eat. After that the entire situation was turned upside down. His communication with God was severed and he lost all the authority and the blessings given by God. He was cast out from the Garden of Eden. On earth, ruled over by Satan, Adam was left on his own like an orphan and he couldn't find the way out of the diseases, sorrow, and pain he had brought upon himself.

However, the God of love chose such people as could deliver the will of God throughout the ages and presented the way to share love with God again. In particular, He taught the Law to Moses, the leader of Exodus. This Law is the basis for living our believing lives. Additionally, He appointed many prophets such as Isaiah, Jeremiah, Ezekiel, Daniel, Hosea, Joel, and Malachi and allowed for them to deliver the love of God.

Even after Jesus fulfilled the providence of salvation, resurrected, and ascended into

heaven, God has still been appointing His people and accomplishing His will at opportune times. By choosing appropriate men for the time of the Holy Spirit such as Apostles Peter, John, and Paul in the Early Church, God let them show the proof of His love by delivering His love.

### 2. The duties of men set by God as the witnesses of God's love

Let's delve into the God-given duties of men who are established by God as the witnesses of His love. In other words, let's look into what kind of love God demonstrated to the people through these people.

#### Firstly, they healed people of diseases and infirmities and set them free from all bonds that ensnared them

By His crucifixion on the wooden cross, Jesus set us free from the chains of sin and evil. But the work of God setting us free isn't restricted to saving souls and leading them to Heaven. It also means even while we live on the earth He cures all diseases and infirmities and loosens our bonds of wickedness. Likewise, God's people let people bound to diseases and infirmities go free.

The love of God towards us is not vague or abstract but specific and direct. If the proof of His love for people were just to save them after death, it would be hard for them to feel the greatness of His love while they live on the earth. God wants His beloved children to receive blessing and feel happy during their earthly lives as well.

That is why God allows people to have faith and experience His love by liberating them from diseases, infirmities, and all kinds of suffering through those He has established and attests. Though people say they have faith, it is not easy for them to meet God and for them to be made perfect in their works.

Thus, throughout the ages God has sent men who could show God's works with great faith and love. Through those witnesses of His love, God healed people's diseases and infirmities and set them free from all bonds that entangled them. It causes His children to experience the love of God.

Senior Pastor of Manmin Central Church  
Dr. Jaerock Lee

He is God's servant of love and power who has awakened people of all nations by spreading the core of the gospel following the example set by the Lord in manifesting the fiery works of the Holy Spirit.

Manmin Central Church opened with only 9 adults and 4 children in 1982. Through the works of the Holy Spirit the church has grown to become a mega-sized church with approximately 10,000 branch and associative churches world-wide. Just as Jesus preached and confirmed the word by the signs that followed His teaching, Dr. Jaerock Lee confirms that the Bible is the truth by showing the power of God.

He has conducted many overseas crusades such as in Uganda, Japan, Pakistan, Kenya, the Philippines, Honduras, India, Russia, Germany, Peru, DR Congo, the U.S., and Estonia since 2000 and showed explosive powerful works. Among them, Uganda Crusade was reported by CNN.

He also preached in Jerusalem at the Israel United Crusade 2009. He proclaimed Jesus is the Messiah and it was broadcast live to approximately 220 countries. He is dedicated to the Word and prayer to accomplish the providence of God who desires all people of all nations to be saved at the end time by proclaiming the gospel to the end of the earth and achieving the mission of the ministry to North Korea.

### Secondly, they deliver the love of God

In order to be able to deliver the love of the Lord, one must also have love in his heart. Since Jesus had the love of God the Father, He could give His own life for us. Through Him we can feel the depth of God's love. Since Jesus put on a human form on the earth, He knew well about men's sufferings.

Apostle Paul also expressed his earnest love for souls by saying in Romans 9:3, "For I could wish that I myself were accursed, separated from Christ for the sake of my brethren, my kinsmen according to the flesh." He felt very thankful for the grace of the Lord who saved him, the worst of sinners. So, though his life was frequently at risk and he suffered from severe persecutions because of it, he preached the gospel until his last moments.

Through Apostle Paul, many believers in the Early Church experienced the love of God and they exceedingly loved, served, and followed him as they would do the Lord. They wholeheartedly served him such that he said in Galatians 4:15, "Where then is that sense of blessing you had? For I bear you witness that, if possible, you would have plucked out your eyes and given them to me."

### Thirdly, they teach the will of God correctly

Although a child realized his father's love and wants to return to father's bosom, if he doesn't know how, he can't come to father. The persons attested by God communicate with God deeply and can teach us exactly what we must do to return to God. The direction leading to God is presented in the Bible, but its difficult passages written by the Spirit's inspiration can't be understood and explained by men.

It is because the Bible can be understood only by one who has cast away sins through countless times of prayer and fasting; who lives by the Word of God; and, who is able to communicate with God in a deep level.

Apostle Paul said in Galatians 1:11-12, "For I would have you know, brethren that the gospel which was preached by me is not according to man. For I neither received it from man, nor was I taught it, but I received it through a revelation of Jesus Christ." And Ephesians 1:17 also says, "That the God of our Lord Jesus Christ, the Father of glory, may give to you a spirit of wisdom and of revelation in the knowledge of Him."

It is in this way that Apostle Paul was able to communicate with God so closely, lead believers to the truth, and accomplish the providence of God.

### Fourthly, they testify to the living God by manifesting signs, wonders, and powerful works

God is almighty and He is the Creator and the Master of the heavens, the earth, and all things. By showing things that people can't do as proofs, He helped people believe that God is alive and all His words are truths.

Also He chooses people who are proper before Him so that through such people, others may know that God is alive and almighty and that He controls and leads human history and men's life, death, fortune, and misfortune.

Jesus showed God is alive by performing countless signs, wonders, and powerful works. Through them, He testified

that He had come from God. He opened the eyes of the blind and the mouths of the mute and healed all kinds of diseases and infirmities. By showing such great power, signs, and wonders, people could believe Jesus and return to God (Acts 2:22).

Other biblical figures also confirmed that they were men of God and that God the Almighty is alive by showing signs that confirmed their words (Mark 16:20).

Apostle Peter's power was also such great that people even carried the sick out into the streets and laid them on cots and pallets, so that when Peter came by at least his shadow might fall on any one of them (Acts 5:15). Also handkerchiefs or aprons were carried from Paul's body to the sick, and the diseases left them and the evil spirits went out (Acts 19:12). Even today God works in the same way as He did around 2,000 years ago through appropriate people (Hebrews 13:8).

### 3. Blessings given when trusting in the people established by God

Those with good hearts and love for God serve men attested by God as witnesses just as they serve God and the Lord. Jesus said in John 13:20, "Truly, truly, I say to you, he who receives whomever I send receives Me; and he who receives Me receives Him who sent Me."

Thus, when we serve these people of God and love them, God accepts the service and love and blesses us.

In 2 Kings Chapter 4, a woman in Shunem, who was not able to conceive a baby, served Elisha with her heart. It led to the blessing of conception of a son. Also, when her son suddenly died, Elisha prayed to God and revived him. The woman in Shunem received the great grace of God by serving His man attested by Him.

Of course, the origin of all grace is from God's love but she could experience the love as something tangible because Elisha was there. Therefore, God sending Elisha as the proof of love is a great blessing to the woman and it was also God's expression of love for her.

Furthermore, Joshua received the power to stop the sun and the moon because he was with Moses and trusted him to be a man of God so deeply. By following Elijah his teacher until the end, Elisha received the double portion of Elijah's inspiration so he performed the amazing power even to revive the dead.

That is not all. The Bible tells us many incidents where people received blessings by trusting, loving, and being with men attested and sent by God such as achieving a victory in wars and being provided with food when there was no food.

Today such works are still happening. Countless members of Manmin Central Church have been healed of incurable and terminal diseases and many have received the solutions to their problems in their families and their businesses, for which they glorified God.

Dear brothers and sisters in Christ, I pray in the name of the Lord that by trusting and loving people whom God set as His witnesses to preach about God the Creator and our Lord Jesus Christ you will fulfill all your heart's desires.

*Though a person has faith,  
it is not easy for him to meet  
God and for him to be made  
perfect in his works.*

*That is why God has sent  
men  
who can show His works  
with great faith and love.*

*Through such men attested  
by God,  
God's children can experience  
His love.*

### 3 → Toxic Hepatitis Healing Case, by Space-and-time-transcending Prayer

Missionary Ping Ping Hwang's son suffered from a high fever over 104F. He had jaundice, enteroplegia caused by peritonitis, abdominal inflation, nausea, exhaustion, urinary tract infection caused by septicemia, and perianal abscess. So, he hung between life and death. But Missionary Hwang believed that her son would be healed through Dr. Jaerock Lee's prayer. She asked Dr. Lee in Seoul, Korea to pray for her son in Singapore transcending space and time. After the prayer, her child got better quickly, a fever subsided, jaundice vanished, and he became healthy.

### 4 → Unconsciousness Caused by Liposuction Healing Case

Erica, aged 22, had successful liposuction for around 6 hours conducted by her father who is a cosmetic surgeon. But after the surgery, her blood pressure dropped and she lost consciousness. She was moved to intensive care unit. Her blood test and CT scan couldn't find a specific cause. Doctors tried hard to increase her blood pressure with various methods but all of them were of no use. She stayed in coma.

At the right time, her father heard from Dr. Armando Pineda, Director of WCDN USA that she would come around if she was to receive Dr. Jaerock Lee's prayer in Manmin Central Church in Seoul. Her father in Mexico asked Dr. Lee in Seoul to pray for her. After his space-and-time-transcending prayer, she immediately recovered and now she is leading a happy married life.

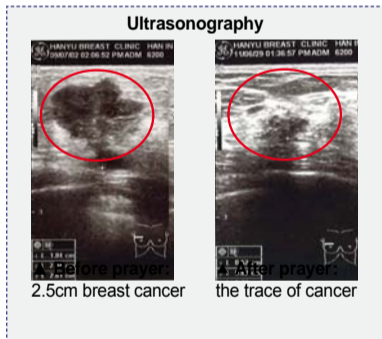

### 5 → Breast Cancer Healing Case, through Repentance and Prayer

Deaconess Inok Han, aged 58, found a lump in her right breast and had pain. So she went to hospital. Her biopsy showed she had breast cancer in the 2<sup>nd</sup> stage. Her doctor told her to have surgery but she relied on God. Amazingly, her pain decreased whenever she found out her sins and repented of them.

Two years later, she had a retest but the doctor said the cancer cells still remained. But she was not disappointed. She just offered up the prayer of thanksgiving and prayed hard. Then, she received Dr. Jaerock Lee's prayer and the retest result showed no cancer cells but just the trace of cancer.

In fact, cancer cells are proliferated and spread to other body parts. But it was amazing that her cancer cells stopped multiplying and even disappeared. Hallelujah!

### 6 → The Case of 3<sup>rd</sup> Degree Burns All over the Body, Being Healed by the Prayer of Power

Senior Deaconess Eundeuk Kim, aged 90, had 3<sup>rd</sup> degree burns all over her body because she slid in the kitchen and hit a big caldron with boiling water. The water covered her body and she was burned. However, she received Dr. Jaerock Lee's prayer immediately so the heat came out from her body and she could receive healing by faith.

She received Dr. Lee's prayer every day. Soon, scabs repeatedly covered her body and fell off. Sometime later, new flesh covered her body and her hands and abdomen were healed completely. The works of recreation occurred so her flesh, blood vessels, and nerves were recreated. The God of love renewed her skin so that she could have normal skin without any scarring.

### 7 → Case of Harada Disease Healed by the Prayer of Power

Deaconess Youngmi Yu, aged 44, found her eyesight falling rapidly and everything looked rough to her. She even vomited and had nausea, so she went to hospital. She was diagnosed with Harada disease. The doctor told her that chances are that the cyst would get bigger and cover optic nerves, which may lead to blindness. She looked back upon her past Christian life and repented before God. And she received the prayer of Dr. Jaerock Lee.

Then, everything that had looked rough and yellow came to look normal. She had a retest that showed that everything had become normal. Her eyesight was 0.8/0.25 before the prayer but it improved to 1.0/1.0 after the prayer. Afterwards, her eyesight even got better to 1.2/1.2. Normally, it takes around six months for Harada disease to be completely healed in the hospital, but she was healed of it just in two weeks and she was saved from the danger of blindness. It is astounding.

The retinograph shows that cyst in both eyes disappeared. Her eyesight also recovered from 0.8/0.25 to 1.0/1.0.
