Pastors' Seminar 2016 in Israel Attended by Pastors from Russia, Ukraine, and Kyrgyzstan

Israeli pastors have strong pride in their ministries in Israel where the Savior Jesus was born, but some of them invite Rev. Dr. Soojin Lee to hold pastors' seminars with a longing heart for the holiness gospel. It is really unusual (Photo 1). This is possible because they can listen to the spiritually profound messages that they cannot hear anywhere and witness signs and wonders (Photo 2: Pastors' Seminar, and Photos 3 and 4: healing meetings).

On November 3 and 4, 2016, a Pastors' Seminar was held by Crystal Forum (Israeli Pastors' Association) in Ramat Rachel Hotel in Jerusalem, Israel.

The seminar was attended by many pastors from Russia, Ukraine, and Kyrgyzstan as well as local pastors in Israel. Praise Leader Rose Han of Performing Arts Committee praised in three languages; Hebrew, Russian, and English. And Power Worship Dance Team's high quality dance moved the hearts of the attendees.

Rev. Soojin Lee, President of Pastors' Association of Manmin Central Church, preached about difficult passages to understand.

She explained spiritual meanings of difficult passages such as "Jesus' first sign of changing water into wine in Cana", "Gaining eternal life only by eating the flesh and drinking the blood of the Son of Man", "How to eat the lamb", "Taking Heaven by force", and "Prophets die in Jerusalem". They gained great realization into some of the deep spiritual meanings in

the Bible.

When she prayed with handkerchief, the pastors repented that they had taught without deeds and made up their minds to become exemplary pastors acting upon the Word of God.

One of them said, "It was amazing that Dr. Jaerock Lee received the interpretation of the difficult passages and explained them. I will cherish the Word of God and pray fervently to become a renewed pastor."

The bishops from Ukraine asked her to come to their country and lead the seminar. Dr. Andre Gasiorowski said he wants to invite Rev. Soojin Lee to his home country Poland and hold a crusade. And he also invited her to a big event celebrating the 70th anniversary of Israel's independence hosted by Helping Hands Coalition under the support of the Israel government in 2018.

On the morning of November 5th she delivered the message "Parable of Ten Virgins" in the Spirit of Life Church (Pastor Sergey Bocharnikov) in Nazareth, and

that afternoon she preached the message "Gaining Eternal Life Only by Eating the Flesh and Drinking the Blood of the Son of Man" held at the Come and See Manmin Church in Tel Aviv (Pastor Toshi Mulenga).

On November 2, Crystal Forum held its 8th anniversary event. Israeli pastors were losing their influence in their country and becoming estranged from the society due to Judaists who do not accept Jesus as the Savior. Meantime, Dr. Jaerock Lee performed active ministry over all areas of Israel from 2007, and his constant ministry encouraged them and gave them spiritual boldness. As a result they organized Crystal Forum.

Afterwards, they held Israel United Crusade 2009 with Dr. Jaerock Lee as the speaker, and have held various events including the Crystal Music Festival and camps for children and youths. They have awakened souls and invited Rev. Soojin Lee and held Pastors' Seminar. They have been renewed by the holiness gospel and experienced the power of God.

Senior Pastor Dr. Jaerock Lee

The Love of God

they would never willingly succumb to any temptation of sin. They would obey the Word of God in their freewill. When they eventually get to Heaven, they will enjoy eternal happiness in joy and rapture.

Until we can enjoy the true happiness of Heaven, it is the love of God that has allowed for us to undergo momentary hardships on this earth. It does not mean that God's children have to constantly suffer from tests and trials during their lives on this earth. Those who live in sins become the enemy devil's prey and cannot help but suffer from various disasters. But God's true children prosper in everything.

To the extent that they keep the word of God and live in the Light, God protects them with His blazing eyes (1 John 5:18). God drives away diseases, tests and trials and He answers the desires of their hearts. God gives them abundant blessings in various aspects of their lives.

Of course, there are refining trials for the believers to increase their faith. Such trials are not caused by sin. In the same way that we take exams to advance in our studies, when we overcome such trials, our faith can grow and we can receive more blessings.

2. The Reasons Why We Give Thanks to God

First, give thanks for the grace you have received as children of God.

You should be thankful just for the fact that you have accepted the Lord and received salvation. Most of you have had a year without any accidents or disasters, so how thankful you must be!

To the extent that you lived in the Light, the life you lived has been disease-free. Many of you have received financial blessings and had peace in the home and at work. Even if you faced a test, if

you just repent of what was not right in God's sight, turned from those ways and have come out of darkness into the light, the darkness soon will go away and the problems will be resolved. I hope you will give more thanks than before that you can enjoy abundant blessings in spirit and body by attending this church where you can clearly understand the will of God.

Second, give thanks for having been given a thankful heart.

People of God will always give thanks. It's because, even though they might have hardships on this earth, they have the hope for Heaven that cannot be compared with any pain of this earth. They can still give thanks even if there is no way out and things never go as they want in their lives. They believe that, when they rely on God with unchanging faith, God will cause all things to work together for good.

If you give thanks this way, it means your faith has grown up to that extent. New believers might say they pray with faith, but if they have difficulties, they might easily get discouraged and even complain. They might even doubt God saying, "Why is it that my prayers are not answered? Doesn't God hear my prayers?" But if you get to the level of faith to stand on the rock of faith in the third level of faith, you can rely on God, give thanks to Him, and have peace in any kind of situation.

For example, when their children take a very important exam the parents are more nervous than the children. They wish they could take the anxiety of their children in their place, but they can't. So, they just hope their children will do well on the exam and continue being very nervous with them. If the believers understand this love of God, even though they are going through the trials they rather can comfort God.

They can give thanks in their

prayers saying, "Father, I can do it! It's just a process that You have allowed for me to receive greater blessings, so I will overcome and glorify Your name!" If you offer up true thankfulness, you will definitely have more things to give thanks for.

Third, give thanks that God has given you the attitude and strength that you can also do it.

Some of you may not have felt comfortable because you could not accomplish sanctification as you desired. But many of you came to feel the love of God who has been waiting for you for thousands of years as if it were a day and who has given His only begotten Son.

You can now realize the love of the Lord who was concerned about the souls even when He was being crucified. You realize that your shepherd has been praying and sacrificing himself in the march of faith because of you, and now you feel confident that you can also do it. Those who used to say, "I have piled up so much evil and it is impossible for me to be sanctified," now changed their words saying, "I can also become sanctified, and I can also go to New Jerusalem." In fact, many people have already come and many more are coming to the level of spirit and whole spirit.

I urge you to give thanks to God once again for giving you the confidence that you can become sanctified and for giving you the strength to actually do it.

Dear brothers and sisters in Christ, 3 John 1:4 says, "I have no greater joy than this, to hear of my children walking in the truth." I give thanks from the depth of my heart thinking of this love of God who has led you thus far. I pray in the name of the Lord that you will realize the love of God and attain to the level of faith that is pleasing to God.

"We have come to know and have believed the love which God has for us. God is love, and the one who abides in love abides in God, and God abides in him" (1 John 4:16).

•••

Generally, when parents make a sacrifice to give to their children they don't spare anything. Furthermore, if the children grow up well, realize the grace of the parents, give thanks to them and obey them out of love, how pleased the parents must be!

On this Thanksgiving Sunday I hope all of you will be able to give such joy to God.

1. The Love of God Who Wants to Give Us True Happiness

The reason why God created human beings was to gain true children who would be able to enjoy the glory of Heaven and with whom He could share eternal love.

Due to the transgression of Adam, the first man, we go through many hardships, diseases, infirmities, poverty, exhaustion, separation, and betrayal while we are being cultivated on this earth. But those who overcome such hardships with faith will realize the love of God from their hearts.

They understand that the pains of this earth fundamentally come from sins. They feel how bad sins are and learn about the spiritual law experiencing the relativity of things. Unlike those who were tempted by the serpent,

Deacon Jungwoon Kim, age 46, President of Men's Mission, Pohang Manmin Church

“Blessings of Answers and Healing Overflowed in My Family!”

Before I accepted the Lord, nothing went well with me. I tried to make money, but it only resulted in only a huge amount of debt for me.

I thought things might go well if I went to church and asked my sister living in Seoul to let me know about a church. In April 2003, I started attending Pohang Manmin Church.

A few years ago, a broadcaster had given a false report on Manmin Central Church, so some people tried to stop me from going. But my sister, who was attending another church, said that she had been to Manmin Central Church several times. She stated Senior Pastor Dr. Jaerock Lee is a good pastor and the church was experiencing revival despite the false report. She advised me not to worry about it.

Afterwards, Dr. Lee appeared in my dream and held my sister's hands and said thanks to her. I listened to his sermons, and his trustworthy deeds moved my heart. I also believed in Heaven and Hell because his powerful works proved it. I began to pray for my family members' salvation.

I prayed and tried to evangelize them for seven years, but no one came. I kept trying to be renewed, however, because I learned from Senior Pastor that I should live in

the Light to evangelize others.

In 2010, I began working in Lime Insurance Corp. and received so much blessing that I could give one thousand dollars for a tithe. The changes in me and the blessings that I received changed my family's view of me. My wife even had a dream where Senior Pastor appeared. She felt the love of God and totally changed.

In the dream, she was crying. Senior Pastor approached her and told her to cry as much as she wanted. He put white linen cloth on her head and watched her. She began to change in the Lord afterwards and evangelized other family members and relatives. After Senior Pastor prayed for my family's evangelization, my parents, my brothers' family, and my sister-in-law's family were all evangelized.

Not long after my father attended church he stopped conducting ancestral rites and threw all related tools and furniture away. And he led my brother to church.

My brother, Jungku Kim, stopped smoking right after he attended church and received healing of his panic disorder. He had to go to hospital every three months and take medicine due to hepatitis B but he was healed of it

and became healthy.

His wife had a stomach problem and could not eat well but she was healed of it. She has now come to eat well. My mother was healed of heart disease and chronic dermatitis and athlete's foot. And my wife was healed of back pain, and my son Dabin was also healed of his sprained ankle.

My wife's family also received blessings of healing and renewal. My mother-in-law was healed of herniated lumbar disc, my brother-in-law was healed of lumbar canal stenosis and severe athlete's foot and my wife's sister was healed of pain in her wrists and back, and his son Jungheon stopped playing computer games after he had a dream in which spiders came out from his head. Now he is a good student and attends church regularly. My wife's sister's eldest son Sanghyuk was healed of sinus infection and received good eyesight. He used to doze off during the service, but after he felt the shepherd's love he changed. He stopped playing computer games and sat in front seats during service. Testimonies have overflowed in my family.

Above all, I am so thankful to God that my family members and relatives all have hope for New Jerusalem and happily live in unity in the Lord.

“I Was Healed of Arthritis and I Have No More Problems in My Life!”

Senior Deaconess Hyunho Park, age 60, Leader of Volunteer Committee

Since I began to work as a member of Volunteer Committee in 2006, I came to sleep well again! Even after a big church event was held, I felt so good. Before I volunteered, I suffered from arthritis, but six months after I joyfully started the volunteer work, I was healed of it. Aside from it, God healed me overall and made me healthy.

On weekdays, I order radishes, anchovy, and scallions for the noodles provided for the church members' lunch on Sundays. I wash them and prepare to make noodles on Friday morning. On Saturday evening, I divide the prepared ingredients among the other volunteers and send it to each cafeteria. After the first Sunday Morning Service, we make noodle soup for Children's Sunday School.

There are more things to take care of and prepare on Thanksgiving Sunday, Easter Sunday, and the church's Anniversary, but I am just so thankful.

I used to have many worries and problems in my life, but now I have a house to live in and nothing makes me worry. Other volunteers also joyfully work.

“I Feel Thankful to Be Able to Repay the Grace of God!”

There are many church members who fulfill their duties with joy and work faithfully with faith and hope to achieve the heart of the Lord and become God's true children. Here are testimonies given by some of them.

Deacon Euihwan Noh, age 62, Manmin Volunteer Group, Manmin Central Church

“I Recovered from a Stroke and Became Healthy Enough to Volunteer for the Kingdom of God!”

In February 1998, my right hand was paralyzed. I went to hospital and heard that I had cerebrovascular disease. It developed into paralysis of the right side of my body. I had to quit my job and stay at home. In May 1998, Elder Kyudong Lee, who is an old friend of mine, visited me unexpectedly and told me to follow him. Following him, I attended Special Revival Meeting of Manmin Central Church.

Dr. Jaerock Lee's messages and his love for God allowed me to learn about faith. Soon I could stop smoking and drinking that I hadn't been able to stop for a long time. When I received Senior Pastor's prayer for the sick during every service, the paralysis went away and I recovered fully.

Since I felt so grateful to God, I was thinking about what I could do for Him. I was asked if I could work as a member of Manmin Volunteer Group. I accepted it, and ever since I have woken up at 4 A.M. on Sundays and went to church. I was so happy on the way to Guro-dong from my house in Bucheon, Gyeonggi Province.

In church, I put a big caldron on the stove to make a broth and wash bowls. I wash the dishes after Sunday Morning Service, and help the members in wheelchairs and take them to church buses. And I clean the sanctuaries and attend Daniel Prayer Meeting from 9 to 11 P.M. After doing all these, I went back home around 11 P.M. but I felt so good and happy.

More than ten years have passed since I started as a volunteer. The paralysis caused by stroke was healed and I became healthy. I even have received financial blessings. It is all because of the grace of God.

Senior Deaconess Munhee Choi, age 47, Receptionist of Reception Committee, Manmin Central Church

“God Takes Responsibility for My Life As I Work Faithfully”

I got married in 1995 and became pregnant. But the doctor said that I had a big lump in my ovary and it could press against my baby and cause problems. Before the surgery, I was so nervous that I called my cousin. She took me to Manmin Central Church. I attended the church and offered up vowed prayer. In the meantime, Manmin Prayer Center President, Mrs. Boknim Lee, prayed for me and Senior Pastor Dr. Jaerock Lee showed up in my dream and encouraged me. I was convinced I had received the answer, and I delivered a healthy son.

With a grateful heart for the grace of God, I received several God-given duties and tried my best to fulfill them. I worked hard as an usher during Sunday Morning Service, as a president of my mission during lunchtime, as a receptionist in the fellowship room before Evening Service, and as a member of Shalom Choir.

I feel very proud of my church and served as a receptionist when overseas guests visited the church.

I mistakenly thought that I was doing great so I could not find out my shortcomings. The God of love allowed me to discover them through trials and blessed me to achieve the heart of spirit.

My husband, Deacon Soonwook Hwang, was promoted in his workplace, and my son Yejun was admitted to Hanyang University as the top student in the Engineering Department. I give all thanks and glory to God who always leads me to the way of blessings and prosperity.

Senior Deaconess Miok Oh, age 47, Hair Make-up Team Leader, Manmin Central Church

“I Received Overflowing Blessings in Spirit and Body through My Duty”

When I lived in Kenya, I attended Nairobi Manmin Holiness Church for six years. I attended Dr. Jaerock Lee's United Crusades held in Uganda and Kenya and witnessed countless people healed of their diseases by the power of God.

I came back to Korea in 2004. As I was healed of stomach disease by Dr. Lee's prayer, I came to trust the church all the more. At that time I ran a hair salon and voluntarily helped the church members with hair styling and make-up for GCN programs.

Meantime, the Hair Make-up Team was organized under the support of Pastor Heejin Lee, Chairperson of Performing Arts Committee. The number of volunteers steadily increased and now we have 26 members. They help special praise givers and those appearing on GCN for their performance and photo shoots.

The team members increased faith and received blessings in spirit and body over time. I also achieved

sanctification of the heart through my duty, and have been protected and become healthy.

In addition, my parents were guided to church. My father Deacon Sebok Oh was healed of aftereffects of defoliant, and my mother Deaconess Seongbun Eom of angina and heart disease. They are living with hope for Heaven.

I give all thanks and glory to the God of love, and extend my thanks to Senior Pastor for nurturing me with the word of life.
