## The 35<sup>th</sup> Anniversary of Manmin Central Church Was Full of Love and Power, and Attended by People from 23 Countries

At 3 P.M. on October 8, 2017, Manmin Central Church had its 35th anniversary service and celebration performance. The events rendered on the special stage of the main sanctuary were broadcast live by GCN and the Internet.

The events were attended by a host of overseas guests from 23 countries including the U.S., Germany, Israel, and Argentina and people from local political and educational fields, and Christian media as well. For them, the simultaneous interpretation service was offered in nine languages: English, Chinese, Japanese, Russian, French, Spanish, Mongolian, Vietnamese, and Arabic languages.

Senior Pastor Dr. Jaerock Lee preached the message entitled “Father’s Heart” taken from 1 John 1:5. Through the message, he gave all thanks and glory to

God who manifested His love, goodness, and powerful works in the church for the last 35 years.

After the anniversary service, the celebration performance followed with the title of “New Jerusalem”. In the performance the life in New Jerusalem was depicted such as people dancing elegant waltz on the seashore of gold and silver sand and enjoying water sports on the shiny sea through video presentations and fantastic performances.

Pastor Francisco Lorite Exposito of Maranatha Revival Church in Spain said, “All songs and performances transcended things of this world. It feels like God was there in the performance and breathed His breath into all songs and dances.”

Pastor Andrey Vatulin of Revelation Church in Valmiera, Latvia said, “I felt the Holy Spirit’s presence very strongly

and the love of God deeply in the performance.”

Dr. Andre Gasiowski, Executive General Director of Helping Hands Coalition stated, “Manmin’s history is clear evidence that God can accomplish so many things for 35 years on the earth. Manmin will grow even more amazingly year by year, and I am sure I will see the growth.”

Bishop Buligo Nanyama Anselme of DR Congo said, “The Bible says without the sanctification no one will see the Lord. The holiness gospel is a message that God is giving to people of this generation. I heartily give thanks to Dr. Jaerock Lee for delivering the word of life and leading us to become true Christians.”

In the church’s front yard, outdoor photo booths were set up with the theme ‘Heavenly Flower Street,’ and many different

kinds of foods and snacks were provided. The church members and guests all enjoyed themselves while they were there.

During the Celebration Eve Service offered on October 6, Dr. Mikhail Morgulis, President of Spiritual Diplomacy from USA expressed his thanks to Dr. Jaerock Lee for protecting many people from Hurricane Irma by his prayer. After the service, the eve celebration performance entitled “Manmin” was shown in a form of music documentary. It described the powerful works that were manifested for 35 years and the Manmin members who are borne as God’s fruit through songs, dances, and video presentations.

The guests from overseas countries also visited Muan Sweet Water Site on October 9 where the water from the sea changed into sweet drinkable water by Dr. Lee’s prayer.

Senior Pastor Dr. Jaerock Lee

“This is the message we have heard from Him and announce to you, that God is Light, and in Him there is no darkness at all” (1 John 1:5).

During the last 35 years, God has been showing us a picture of leading all people of all nations to salvation. He is drawing the picture on a white canvas, and He has almost finished this picture. Let's delve into the heart of God embedded in the history of Manmin.

**First of all, God's heart, shown through this church, is love.**

Unbelievers sometimes ask Christians the following questions: “God says He is love, so why did He make such a horrible place as hell?” or “Why did God make the tree of the knowledge of good and evil so that men would sin?” Furthermore, they consider God as a god that creates disasters, punishment, and fear. But we Manmin members can confidently say that God is truly love. It's because we have experienced His abundant love that has been shown in this church for the last 35 years.

God of love moved us from death to life and from despair to hope. He made the sick healthy and the poor rich. He gave peace to unhappy families. Above all, we could experience God's love through the words that were revealed in the inspiration of the Holy Spirit.

Since the opening of the church, God gave us the messages on ‘heaven and hell’, ‘why Jesus is the only Savior’, and ‘why God made the tree of the knowledge of good and evil’, all of which contain the heart of God

who wants to gain true children.

Through the messages on heaven, we could feel the love of God who wants us to eternally enjoy good things in heaven. Through the messages on hell, God guided many souls to turn from their sins and lead a good Christian life.

These messages also embed the love of God who wants His beloved children to receive blessings and answers during their lives on this earth. When we kept the words of God, He blessed us with material blessing, health, and divine healing as in Deuteronomy Chapter 28.

In order to show this love of God to numerous souls around the world, this church and I have been endeavoring in world evangelism. We are spreading the holiness gospel through overseas crusades and pastors' seminars, through GCN that currently covers more than 170 countries and through books that have been translated into many languages. The book *The Message of the Cross* is published in 59 languages, *Heaven I* in 34, *Heaven II* in 26, and *Hell* in 35 languages. And more than 100 titles among these messages were translated and published in 61 languages all over the world. They are leading countless souls to the way of salvation. Through these publications, many pastors will be awakened, and many souls will come back to the Lord and experience the love of God.

**The heart of the Father, secondly, is goodness.**

God is Light itself and He is only full of goodness and love (1 John 1:5). He has no evil at all; He hates evil very much. Thus, I hope you beloved children of God will have no evil in your hearts at all. Proverbs 8:13 says, “The fear of the LORD is to hate evil; pride and arrogance and the evil way and the perverted mouth, I hate.”

For this reason, God has chosen this church and led its members to cast away evil and accomplish the goodness of God. Namely, He has been bringing about children who are sanctified.

To become holy, we must have prayers as well as the word of God

(1 Timothy 4:5). So, our church has never let the fire of prayer go out ever since its opening. Through these fervent prayers, the people discover their sins and evil and cast them away. They didn't just cast away big sins that are easily noticed, but minute forms of evil as well.

Our prayer meetings are broadcast on GCN and on the Internet so branch and associative churches all around the world partake together. Many pastors and believers from other churches expressed their amazement saying, “Manmin's members are great,” and “They are like the Early Church members that prayed every day.” At this end time, the flame of prayer is being put out worldwide. But Manmin members are changed by the baptism of fire of the Holy Spirit through prayers and they will become beautiful and sanctified souls.

**The Father's heart, thirdly, is the power.**

There have always been so many works of power in this church. Explosive power of God that transcends space and time is manifested all over the world. Particularly, the power to control weather conditions was prominent during this year. It was shown to control the temperature and stop such natural disasters as typhoons and drought.

With regard to controlling the temperature, Manmin Summer Retreat 2017 was a great example. While extremely hot weather was predominant all over the country, we Manmin had very cool weather at the retreat. The temperature was 25 or 26 degrees, so we had the retreat with the optimal weather conditions. Just like the land of Goshen was protected from the Ten Plagues, only Muju, our retreat location, was exempted from the hot weather warnings issued by the government over all parts of South Korea.

The power to control the weather conditions is working more and more powerfully and swiftly. Through my prayers, typhoons changed their course or lost strength. High waves calmed down and dry places had rain. At other

times rain was stopped accordingly. Before this past summer retreat, the fifth seasonal typhoon, Noru, was coming up toward Korea, so I prayed that it wouldn't have any effect on our retreat. It changed its course eastward as soon as I prayed. When I prayed once more, it went about 100km further east from the previously projected course.

Such an amazing work of power did not stop there. By the request of missionaries, believers, and a multiple number of pastors in the United States, I prayed concerning hurricane Irma at 7:45 PM on September 8. Hurricane Irma changed its course, and it weakened, and at 9 PM on the 11th, Korean time, it dissipated to a tropical storm.

There are scores of typhoons, hurricanes, and cyclones that I've driven away through prayers. There are also many other powerful works such as solving problems in the aftermath of volcanic eruptions and earthquakes, and of deliverance and divine healings of all kinds of diseases and infirmities.

Why would God show such great power? It is to proclaim to the whole world that our God is great enough to be glorified. He is the Creator worthy to be honored and the Master of all things. Some worldly people openly say there is no God, and as time goes by, an increasingly greater number of people disgrace and despise God's name. But our church has been showing and will show God's power more and more greatly and prove that God is alive. We will lead all those who call on the name of the Lord in this sinful world.

Dear brothers and sisters in Christ, God gave me the name of this church, “Manmin”, with His vision to accomplish the world mission and the providence for all people of all nations in the name. Today, this vision is being actualized through us of Manmin. The goodness, love, and power of God unfolded in the past will not be comparable to what will be unfolded before all peoples soon. Let us give all thanks and glory to our living God!

The Church's 35<sup>th</sup> Anniversary Celebration Performance

“It is a blessing to cooperate with a person with whom God works.”

Dr. Jan Wojnar,

Organizing Committee Member for WCDN Poland Conference 2018

Manmin Central Church keeps its balance in both spiritual and intellectual aspects. Senior Pastor Dr. Jaerock Lee himself shows the perfect example of it through his own life.

Many Christians forget about the Lord who is working through miracles and signs even today. But miracles and signs are being clearly manifested by Dr. Lee even now. He shows evidence of the power of God by performing miracles that mere words can't explain.

People yearn to see miracles. We tell them they should believe what we preach, but they tend to believe what they see. Dr. Lee shows people such works by working with God. It is a great blessing for us to meet him.

“Dr. Jaerock Lee is a man of God who manifests signs and wonders!”

Pastor Kambale Kasiki Vincent,  
God-fearing Church, DR Congo

Manmin Central Church has seen marked growth in its ministry for the last 35 years, which impressed me a lot. Dr. Jaerock Lee is the senior pastor of the church and he is a true servant who God Himself anointed. He preaches the word of life and the true message to people who are lost in this dark world.

When I listened to his messages and met the members of Manmin, I sensed God's presence with Manmin. They are very gentle, they love God, and they pray amazingly well regardless of age and gender. I felt their longing heart for the Lord's second coming.

Furthermore, the celebration performance was beyond description. How could a church prepare such a wonderful performance! It was awesome and perfect. It felt like a heavenly gate opened and I was in heaven.

I also visited Muan Sweet Water Site where the sea water from a well has been continually changed into sweet drinkable water by Dr. Lee's prayer. I was very excited to firsthand experience Muan Sweet Water. Muan Sweet Water is another of God's amazing miracles.

We are providing courses of Manmin International Seminary for pastors and church leaders in Goma, DR Congo. The pastors express their joy in learning the holiness gospel. I hope more and more pastors will become armed with the holiness gospel.

“Manmin Church's pastors and workers are amazing!”

Mrs. Bozena Gasiowski,  
Director of Helping Hand Coalition

I joined Manmin Central Church's 35th anniversary events and enjoyed this special privilege given to me. The church's rapid growth was surprising, and the church's wonderful pastors and leaders were amazing.

When Dr. Lee prayed for me, particularly, I was deeply touched. When he laid his hand on me, I naturally became humble, and I felt like I was in front of the Lord. I received the prayer in peace. After the prayer, the pain that had been lingering in my hip joint was gone! I came to have no problem in walking for a long time or going up and down stairs. Next day, I stayed energetic all day.

The celebration performance was awesome, and it felt like I was in heaven. It was a wonderful experience.

# “Manmin Is Full of Hope for Heaven, and God Is with Manmin!”

In early October 2017, a host of guests from 23 countries paid a visit to Manmin Central Church to celebrate its 35th anniversary. Attending the anniversary service and the celebration performances, they gave touching testimonies.

“Manmin has the word, prayer, and praise all in perfect harmony!”

## “It is indeed Dr. Jaerock Lee’s prayer that calmed Hurricane Irma!”

Dr. Mikhail Morgulis,  
President of Spiritual Diplomacy

I have met many people who are happy because of Dr. Jaerock Lee. They are happy because the blessing that comes through him is a true blessing given by God. By his prayer, Pastor Mark Bazalev and I were also protected from Hurricane Irma in September 2017.

When the hurricane was approaching, most of residents in my city and Florida evacuated. Many people told us to leave our center quickly, but we stayed without fear because we had already sent our prayer request to Dr. Lee and he had prayed for us. God answered his prayer and changed the course of Irma, and we were protected perfectly.

I have preached about Dr. Lee and his holiness gospel in many countries. I found out there that many people had already known him and Manmin Central Church, and many of them even listened to his messages.

I pray that Manmin Central Church, ‘the island of love,’ will cover the whole world with the love and the holiness gospel.

Rev. Valeriy Ivannik,  
International Gospel Center, Berlin, Germany

My visit to Manmin Central Church was filled with amazing experiences. The existence of this kind of church itself surprised me a lot. I had visited a large number of big churches in many countries, but it was my first time to see a church that is full of love and that has the word, prayer, and praise all in perfect harmony.

It is also my first time to meet Dr. Jaerock Lee in person, but I felt a familiarity with him as if we had known each other before. I felt his humbleness and heart full of love. Pastors should learn this holiness and humbleness of his. I believe that is why he can perform amazing and powerful works of the Holy Spirit.

The church members are lovely. They seem to love their shepherd from the bottom of their hearts. It is very important for church members to love their shepherd in every church. However, in many modern churches, people do not respect pastors. That is one of the reasons a long list of churches lose strength and are on decline. Unlike them, Dr. Lee leads his members with powerful spirituality and his deep love for them. The members feel his love and love him as well.

The orchestra, big choirs, praise singers, dancers, the stage, sound, light, and the whole performance were so great. I was particularly amazed when I heard that all the songs were given by God Himself. The performance quality itself was really high which rendered it even greater and deeper spirituality.

Manmin Central Church has an important duty to preach about sanctification at this sin-filled end time. In Europe, more than 3,000 Christian churches are closed annually and converted to Islamic mosques. The Manmin’s ministry of spreading the holiness gospel and powerful works is seriously important.

## “I experienced God the Healer!”

Dr. Daria Wojnar,  
Chairperson of WCDN Poland Conference  
2018 Organizing Committee

I had a backache caused by herniated lumbar disc, and it also caused numbness to my right leg. Because of the symptoms, I could not walk for more than an hour.

I felt soreness in my lower back and my two toes were numb. I was very uncomfortable with it.

Meantime, I visited Korea. Even before I left, my heart became filled with expectation and hope. On October 6, I met Dr. Jaerock Lee, and amazingly it was cured after I received his prayer.

On 7, the following day, I woke up in the morning and found that I had no pain in my back at all. Because a tour to Seoul was scheduled, I went out and walked for quite a long time. But I felt no backpain and no numbness in my leg. I slept well that night. Since then, I have had no problem at all.

I heard that many miracles would occur at the end time right before the Lord comes again. I am the one who experienced the miracle. Hallelujah!

Manmin’s 35th anniversary celebration performance was so great, and I felt like I was taken to heaven. I give thanks to Manmin for letting me feel the beauty of heaven. I am looking forward to WCDN Poland Conference 2018. I am sure that many amazing works will occur and many people will come and experience spiritual change in the conference.
