## My Lord Gave Me Health and Blessings!

Hyena Jung (Age 18)

I have been very curious about the future and had many dreams since I was quite young. I began praying to God in elementary school to lead me to fulfill my future goals.

I finally decided to give glory to God by majoring in a musical instrument when I was in the 9<sup>th</sup> grade. My mother and her friends are members of our church's Nissi Orchestra, and their advice had a strong impact on me.

### Saved From Danger of Disability and Even Death

Normal

When I was 4 months old, I had pus that completely filled the joint between the hipbone and the thigh bone.

The doctor said it was exceptionally rare for a baby to have such a condition. He also said I could die from blood poisoning in a week if the pus transferred into the blood.

I was too young to get a surgery, and even

if I did, I definitely would have problem in my hipbone that would lead to disability.

Fortunately I was completely healed after receiving prayer of our Senior Pastor Rev. Jaerock Lee.

### Passing Entrance Exam for Art High School by God's Grace

In May 2017, I was in 3<sup>rd</sup> grade of middle school. I decided to major in French Horn, but it was too late to get into an art high school. It usually takes more than 2 years to prepare for the exams, but I had to do it in 6 months. However, I overcame the situation by God's help. Everybody just wished me a 'miracle'.

In every worship service, I received the Senior Pastor's prayer with faith that God would lead me to a prosperous way. I believed in my heart I already passed the exam by God's grace.

Sometimes I'd get discouraged, but I encouraged myself thinking of the Senior Pastor who encouraged me every time I saw him. Finally, I passed the entrance exam to Kyeong Gi Art High School in the winter. Hallelujah!

In 2018, after I entered high school, I was really busy. I had to prepare for the college entrance exam, and I needed to practice a lot. There were many concerts and studies that I had to do at school. I could go to church only for Sunday services.

When the New Year 2019 dawned, I decided to attend Friday all-night service and also Daniel prayer meetings in addition to attending Sunday services. In one of the Friday all-night services, the 2<sup>nd</sup> part was so full of the Holy Spirit that I felt like shouting out "Eureka" and run all around the sanctuary as if I were Archimedes.

### Being Filled with the Holy Spirit in Friday All-night Service

Because I was filled with the Holy Spirit, I didn't feel tired. The whole congregation praised God with passion and love, and I felt this is what 'Manmin' is supposed to be. I really felt we were all one family. I also felt we were like a big army that was fighting against the enemy devil.

Friday all-night service is so precious to me nowadays, especially offering up to God the praises and prayers on top of being blessed by the message. The worship service is like a bicycle that takes me anywhere to let me feel the cool breezes when I am tired of my studies and practices.

It also lets me pay back God's grace. I can offer up heart-felt praises with my healthy legs and hands to God who healed me of a serious illness in my infancy. The Holy Spirit touches my heart when I sing the praises keeping each of the lyrics in my mind.

I give all thanks and glory to God who healed me of possible disability and who let me praise God with my musical instrument!

# Love Does Not Act Unbecomingly

“Love is patient, love is kind and is not jealous; love does not brag and is not arrogant, does not act unbecomingly; it does not seek its own, is not provoked, does not take into account a wrong suffered,”  
1 Corinthians 13:4-5

Senior Pastor Rev. Jaerock Lee

‘Manners’ and ‘etiquette’ are the words for describing proper behaviors and attitude that people should have. Etiquette is the practices and forms prescribed by social convention or by authority. Manners are the socially correct way of acting.

On the one hand, it is certain that good behaviors and appropriate manners should make a good impression on others. On the other hand, unbecoming acts and violating proper social conventions would cause discomfort to people. Furthermore, what if we say we love somebody and then act unbecomingly toward them? They wouldn't be able to believe we love them.

To act unbecomingly is not being in accord with the acceptable standards implied by one's character or position. Though they might be different, all cultures have proper ways of greeting others or having conversations. Surprisingly many of us do not realize we are being rude. This is especially the case toward those who are close to us. Feeling comfortable around them could lead to inappropriate actions or words toward them.

If we really love somebody, we do not act unbecomingly. If you have a very precious gemstone, you'd handle it very cautiously. How much more would you be careful when you really love somebody? There are two kinds of rudeness that comes out from lack of love. The first is to be unseemly toward God and the second is toward men.

## 1. Discourtesy toward God

We can see that some people say they love God but their behaviors and words suggest otherwise. One of the best examples of being rude before God is to doze off during worship service.

If it would be such tremendous rudeness before the president of a country or in front of your boss, then how could we be so unseemly before God? It is also inappropriate to talk with others or have idle thoughts during the worship service. Such acts clearly show that they don't have the genuine reverence toward God.

The preacher or pastor might be worried that their messages are boring, and this might stop the inspiration of the Holy Spirit on them. In effect it causes damage not only to themselves but also to the whole congregation.

There is also leaving the sanctuary during the worship service. Some have special duties but this is an exceptional case. Other than such special cases, of course we have to focus on the worship service until the end. We have to offer all processions of the worship service with all our heart. We should keep on paying attention not only during praises or prayers but also in offerings or announcements.

We should also attend praise and worship services or cell group worship services with all our heart, in addition to formal worship services. Above all, we must not be late to the service. God always waits for us before we arrive. Therefore, it is appropriate for us to come before the service begins and prepare for it with prayers.

There are also other inappropriate behaviors. Coming to church after drinking or smoking; using cell phones during worship service; allowing your children make noise or play around; and, chewing gum or eating food during worship service.

It is important to have proper appearance for worship service, too. We can't just come in casual home clothes. Attire is a way of showing respect to other people. If we believe in God, we will come before Him in at least clean and neat clothes because we know how precious and dignified He is.

In cases of Wednesday service of Friday all-night service, you might come from work directly in work clothes. God wouldn't say this is rudeness, but rather He would be pleased with your yearning for worship service.

God wants to communicate with His children through worship and prayers. Prayers are our conversation with God. You might stop somebody's prayer because of some urgent matter by tapping on that person. Or you might stop praying immediately just because somebody is calling you. These things are impoliteness before God.

If you are discourteous to God every time, you might even create a wall of sin before God so that you could face diseases or accidents. You wouldn't get answers to your prayers easily.

## 2. Sanctuary: Holy House of God

The Temple is where God dwells (Ps. 11:4). The holy places in the Old Testament times were set apart only for priests to enter in. In the case of holy of holies, the high priest could enter only once a year. Today, by the grace of the Lord, anyone can go into the sanctuary to worship, because He redeemed us from our sins through His blood (Heb. 10:19).

A sanctuary does not only refer to the place of worship but also every place that belongs to the church compound. Therefore, we must be watchful of our words and behaviors anywhere in the church. We must not quarrel or talk about secular business or entertainment. We must not carelessly use the things in the church or damage them. We should not easily use even just one envelop belonging to the church.

Especially, any buying and selling must not be allowed in the church. Jesus overturned the tables of the money changers and merchants who were selling animals for sacrifices. Even though the animals were for sacrifices, He wouldn't allow them, not to talk about buying and selling things for personal use. The same goes for sales for charity.

All places in the sanctuary are set apart for worship service and fellowship in the Lord. We must never be insensitive of the holiness of the church whenever we have meetings. If we really long for God's sanctuary, we wouldn't act unbecomingly toward it.

## 3. Acting Unbecomingly Towards People

1 John 4:20 says, “If someone says, “I love God,” and hates his brother, he is a liar; for the one who does not love his brother whom he has seen, cannot love God whom he has not seen.”

What are some of the unseemly acts in our daily lives? Usually we act unbecomingly toward others when we try to serve our own

interest. You might call late at night; you might call a busy person and talk for a long time. You might be late to your appointment; you might visit somebody's house unannounced. These are all acts of rudeness.

One might think like, "We're so close and it feels there is no love to consider all those things at all times." Of course, you might be able to understand everything of each other, but it's not easy to understand others 100%. You might think it's an expression of fondness but they might take it differently. Therefore, we must always think from the other's viewpoint. Especially you must be careful in a very close relationship.

They might say careless words just because they feel comfortable with the other person, thereby hurting their feelings. If you are rude to your family or close friends, you might have more trouble than with others. If you are coercive or demanding of others just because they are juniors or subordinates, it'd cause uncomfortable feelings. Especially today, it's not easy to find people who genuinely respect their parents, teachers or seniors who deserve the respect.

Some might say it's today's generation, but

the truth never changes. Lev. 19:32 says, "You shall rise up before the grayheaded and honor the aged, and you shall revere your God; I am the LORD."

God's will is that we do all our duties among men, too. Therefore we should keep the laws and the order of the society, too. If you create commotion in public, spit on the streets, or violate traffic rules, then you are being unbecoming toward many people. We are Christians who should be the light and salt of the world, and we must be careful of our words and behaviors.

#### 4. Law of Love: A Universal Standard

Most people have occasions to meet somebody, talk with them, or dine with them. There are many social conventions in such occasions that have to be kept. However, people have different educations, knowledge, and cultural backgrounds.

So, what kind of standard could we have not to be unbecoming in word or action? It is the law of love in our heart. Law of love is the law of God who is love itself. To the extent that we learn the word of God and practice it, we will have the manners of the Christ and not act

unbecomingly.

Another meaning in the law of love is 'consideration'. There was a man who was walking on a street with a lantern. Another man was passing him by, and he realized this man with the lantern was a blind man. He thought it strange and asked him why he was carrying a lantern, if he was not able to see. "It is to prevent me from bumping into you. It is for you," He replied.

Consideration for others has great power to move their heart. On the contrary, rudeness comes from not being considerate of others and lacking in love. Colossians 3:23 says, "Whatever you do, do your work heartily, as for the Lord rather than for men."

Dear brothers and sisters,

Those who truly love God will worship in spirit and truth. When they love their brothers and sisters, God will give them blessings and heavenly rewards. I pray in the name of the Lord that you will completely cultivate spiritual love with which you do not act unbecomingly toward others, so that you will have the glory like the sun in the eternal kingdom of heaven!

## I Have Been Healed of Cerebral Infarction!

Changju Moon (Age 78)

I had had a cerebral infarction for a long time. In July 2017, I received surgery in China. However, hemiplegia on my right side became even worse. I couldn't speak properly or even stand up.

By the advice of my daughter (Seoyoung Moon) who is a member of Manmin Central Church in South Korea, I listened to the sermons of the Senior Pastor Rev. Jaerock Lee on GCN TV for half a year at home. I gained faith little by little.

In August 2018, with the help of my daughter and on a wheelchair I attended the Manmin Summer Retreat in South Korea. When the speaker, Pastor Soojin Lee, prayed with the handkerchief on which the Senior Pastor prayed (Acts 19:11-12), to my amazement, I could lift up my right arm.

I got better very quickly after I'd attended the Summer Retreat. I stood up from the

wheelchair just two days after I began to attend Manmin Prayer Center meetings. On the 3<sup>rd</sup> day I could walk with a cane. I could also write with my right hand, and I could speak, though not very fluently.

I knew God had touched me. I attended the 2-term continuous special Daniel prayer meeting in the 2<sup>nd</sup> half of 2018, and my high BP and myocardial infarction were healed. Furthermore, on January 17, 2019, while I was attending the prayer center meetings, my twisted mouth was straightened, so I no longer drooled!

On January 25, in the divine healing session of the Friday all-night service, I received the prayer with the handkerchief done by Pastor Soojin Lee, and I came to walk even without the cane. Hallelujah!

I had to live with hemiplegia, but I can walk again! I believe I'll be completely healthy. I give all thanks and glory to God!

## We Are Witnesses of God's Power

Patricia Mamusung (Age 40, Indonesia)

I'm from Indonesia. I met my Korean husband there and became a member of Manmin Church. In August 2014, when I moved to Korea, I wanted to be a devout Christian, but I stopped praying and sometimes missed Sunday services, too.

And yet, God had His grace in store for me. From a certain moment the messages touched my heart and I could feel the love of the Senior Pastor who wants all the church members to receive blessings.

From that moment, I began to repent in hot tears of my wrongdoings in the past.

As I began to keep the Sunday holy and pray, God led me to a way of blessing. In November 2016, while I was working in a duty free shop, a travel agency wanted to recruit me, although I was new to tourism. I began to work for the travel agency the following month, and I received the Senior Pastor's prayer for blessings from time to time.

I became the best salesperson, and was promoted just in 2 months! Then, the sales of the company increased by 80%, and I was promoted to a director! In November 2018, I was recruited as an assistant manager of another travel agency, which of course gave me a big raise, too! Hallelujah!

Furthermore, my family experienced the living God, too! My father had hemiplegia on the left side in January 2013. He received treatments but to no avail. In February 2016, he came to South Korea and received the Senior Pastor's prayer. He was healed and now he lives a healthy life!

My mother was also healed of the complications of breast cancer surgery in the Manmin Summer Retreat in August 2015. She fell into a coma after having a stroke in May 2017, but my father played the prayer for the sick of the Senior Pastor with his cell phone, and she recovered her consciousness and health.

In March 2018, my daughter Eun-hye had a high fever, stomachache and rashes. The diagnosis was HSP (Henoch-Schonlein Purpura), which is inflammation in small blood vessels. It'd have been critical if metastasized to kidneys. But after receiving the prayer of the Senior Pastor she recovered very quickly.

I give all thanks and glory to God for protecting and blessing my family. I also give thanks to our Senior Pastor for his prayers. I hope many Indonesian souls will also accept the Lord and experience the living God.

## We Were Protected From the Typhoon!

Okja Gong (Age 62, Japan)

In December 2004, I visited the Koreans' association in Japan for a personal matter. There Elder Jekyu Ju shared the gospel with me. He gave me some sermon cassette tapes and Philippines United Crusade DVD of Rev. Jaerock Lee. I saw so many people get healed by the prayer of Rev. Jaerock Lee in the video.

I had severe pain in my back and legs, so I watched it over and over wishing that I could be healed, too. I received Rev. Lee's prayer in the video and I was actually healed! After that I began to attend Yamagata Manmin Church. The members were full of love and they put the word of God into practice.

My husband and I are floriculturists. At first we were inexperienced and didn't know many things. But since I became a Christian, God gives us rain when necessary, and He makes everything go well. We harvest the best quality flowers and are blessed financially!

In 2018, we experienced something very amazing. From June, we grew 2,000 lilies per single vinyl greenhouse and in 3 greenhouses in 1 week terms. So, we'd harvest them in 1 week terms as well. However, without a reason they all bloomed at the same time. It was the first time anything like that happened in 26 years!

So we shipped out most of them, and there were only 100 flowers left in September. That was when the strongest typhoon in 25 years hit Japan. It caused injuries to hundreds of people and the airport was closed down. Many vinyl greenhouses were damaged, too. However, ours were completely protected and we could ship out all remaining flowers. Initially we didn't understand why the flowers bloomed all together so early, but after the typhoon we could clearly see that it was the love of God who wanted to protect our floriculture.

In December, I fell on a slippery road and sustained a rib fracture, but it was healed when I prayed with the powerful handkerchief on which the Senior Pastor prayed (Acts 19:11-12). In the past, I had many worries and concerns, but I am filled with happiness and thanksgiving ever since I began to attend church. I give all thanks to God the Father and our Lord Jesus Christ. I also give thanks to our Senior Pastor who guided me to receive answers and blessings from God.
