People Who Met God

*In this season full of the fragrance of thanksgiving  
God's unfailing love abounds in everything.*

## ***"I was completely healed of the aftereffects of my wrist fracture!"***

Sister Hoim Chu | 66, Yangcheon-gu, Seoul, Korea

One day in 2023, I was carrying luggage out of my shop. I stumbled over a box and fell down. My body inclined to the right and instinctively I fell on my right arm. The pain was so severe that I felt as if the blood vessel in my right arm had burst out. I screamed out so loudly out of severe pain and yelled, "Help me!" Fortunately, the shopkeeper next door rushed out and helped me be sent to the hospital by ambulance.

The doctor said, "When you fell flat on your face, your cheekbone may have been broken and your wrist crushed to fracture. Fortunately, you have only cracks." I fell down because of my carelessness, but I have slight wounds. I felt God's protection and love.

After that, I received prayer from Pastor Mikyung Lee and she advised me to cultivate gentleness and attention within me. Her advice was deeply

engraved in my heart. In two or three weeks, my bones had been healed quickly and the cast was removed. My doctor said that my muscles had stiffened, so the aftereffects and persistent pain would follow.

After that I had a numb and sore wrist for some time and I had to wrap my right wrist with my left hand to warm it and relieve the pain. My wrist would tremble and I couldn't clap properly in praise worship services. So, I earnestly received the prayer for the sick whenever I attended the Sunday morning services for the healing of the aftereffects of wrist fracture.

On January 24 of 2025, I attended a Divine Healing Meeting with a longing heart. When Speaker Pastor Soojin Lee prayed for the sick listing disease names, I heard a phrase 'aftereffects of the accident' and received her prayer with faith, saying "Amen." That very

hour I felt cool on my right wrist and my entire body.

I tried waving my hands, and found the pain completely gone. Now I could clap my hands fully in praise worship services. I became assured of my healing and sent my healing testimony to my church. Hallelujah! I give all thanks and glory to God.

## ***“I was healed of depression, insomnia and social phobia!”***

Sister Jeongsuk Kim | 67, Paju, Gyeonggi-do, Republic of Korea

I used to go to a Buddhist temple persistently for 42 years. My house had various protective charms and blessing talismans here and there. My parents-in-law also worshipped idols and my marital life was so tough.

As time passed, my father-in-law passed away and his spirit often appeared in my dreams and tried to strike me with a baton. My two sisters-in-law died early from coal gas poisoning, and my husband died of cancer, and they also tormented me in my dreams. I couldn't sleep properly at night and developed insomnia. My whole body ached and I felt heavy so that I could not even get up in the morning.

I often lost my balance and fell down. One day, I had a serious accident at home and broke four ribs so that I had to be in hospital for a month. My life was so difficult and painful that I even developed depression and social phobia.

In 2024, I moved into my current home and met a neighbor, Senior Deaconess Wooyoung Lee. She preached the gospel saying that if I met the living God, I would be able to be healed of all my illnesses and live a happy life. I made a promise to go to her church once. On October 6, 2024, I went to the church and it was the 42nd anniversary of Manmin Central Church.

In the service, Senior Pastor Soojin Lee gave an impressive message, and the anniversary celebration performance was so great and beautiful. I felt like I were in a new world. After that, I went to a local sanctuary in Ilsan, Goyang City along with Senior Deaconess

Lee every Sunday. I cleaned up all the charms and talismans, Buddha drawings, and everything related to Buddhism from my home.

Instead, I hung up a church calendar and installed GCN (Global Christian Network) application in my smartphone and TV monitor. I attended Wednesday Service, Friday All-night Service, and Daniel Prayer Meetings via GCN TV. After that, I stopped having odd dreams. The spirits of my father-in-law, sisters-in-law, and husband who had bothered me for long no longer appeared, and I had comfortable nights. In addition, I have never fallen down once again and my heart is always in peace.

In 2019, I came across a car accident and had a surgery to insert an artificial bone in my pelvis. After that I went through its aftereffects and had to go to an oriental medicine clinic two or three times a week to get acupuncture and physical therapy. However, it changed after I started my religious life in Christ. The number of hospital visits gradually decreased, and 5 months later, I didn't need to go to hospital. Since then I have felt comfortable without any medical treatment.

By the way, I hurt my right knee and went to the hospital. The doctor recommended surgery saying my cartilage had worn out. I couldn't make a decision easily. On Wednesday, November 27 of 2024, I attended a Wednesday evening service on GCN TV and stayed tuned for GCN programs. Senior Pastor Soojin Lee was leading a Daniel Prayer Meeting for the fullness of the Holy Spirit in preparation of a

### Divine Healing Meeting.

As I listened to her prayer, tears and a runny nose started to flow, and my whole body became hot. I said to myself, “What’s happening to me?” And I prayed with emotion until the end. From the next day on, to my surprise, the ‘tapping’ sound from my knee disappeared, and the tingling and numbness pain was completely gone. Now, while sitting down and standing up, I have neither pain nor discomfort at all.

Senior Pastor Soojin Lee taught us to hold both the hands together, tighten our stomach, and to cry out earnestly in prayers, and I kept it in my mind and practiced always. After that, I felt refreshed and relieved a little more. Her sermons in every Sunday service are true and persuasive.

Sometimes I have a meeting with my old friends, and they say in surprise that I have a bright and pretty face. Then, I happily tell them that my life has changed since I started going to church. I give all thanks and glory to God who healed and met me, and who is my Guide.

## ***“I got healed of a herniated cervical disc caused by a traffic accident!”***

Brother Haenggwan Choi | 60, Guro-gu, Seoul

For the last four years, I had difficulty sleeping well due to discomfort in my neck and shoulders. And I often felt tired and received physical therapy. On October 10, 2024, I was biking across the crosswalk and hit by a taxi. I went to the hospital right away and got an MRI, and it showed a herniated cervical disc.

The doctor told me that I might need surgery depending on my progress. Since

then I had stiff neck and shoulders, numb arms, and severe headaches, and I couldn't sleep properly.

I looked back on my past days in light of God's words and tearfully repented that I enjoyed TV and YouTube programs and had lingering attachments to the world. On November 28, the pain was so severe and I couldn't fall asleep until I received the late Pastor Jaerock Lee's prayer for the sick recorded on the phone. That night I had a dream in which a large rat was carrying three babies and running away looking around.

The next day, on November 29, I

attended a Divine Healing Meeting with a longing heart. Speaker Senior Pastor Soojin Lee prayed for the sick calling the names of diseases after preaching. When she said, "Heal them of herniated cervical disc!" I said "Amen." At that moment, my neck and spine felt refreshed and the stiffness became soft. My stiff shoulders and numb arms also relaxed, and my severe headache was completely gone.

Four months have passed since then and I have no pain at all and sleep well at night. This year I was voted for the president of Male Cell Leaders' Association in the grace of the Lord. Hallelujah!

## ***“I was healed of 20 years of tonsillitis!”***

Sister Hyang Kim | 56, Guro-gu, Seoul

About 20 years ago, I didn't wear a mask while working in midst of dust. I often had a sore and swollen throat along with coughing. In swallowing food, I hurt my throat. I went to the hospital and was diagnosed with tonsillitis. The doctor said I should take medicine when the symptoms got worse. But the medicine didn't work.

In 2009, I joined in Manmin Central Church and started my religious life. With the passing of time, I was healed of various illnesses, including allergies and headaches, but my tonsillitis remained. My nose and larynx were always swollen, and whenever I

swallowed, I felt something stuck, and it was bitter and painful. When I cried out in prayer, I coughed and could not pray fervently.

In the beginning of 2025, I harbored a desire to cry out more fervently in prayer and sing praises more fully. I registered in a Divine Healing Meeting in January, and I prayed for my healing with a yearning at a Vowed Daniel Prayer Meeting in preparation of the Meeting.

On January 24, I attended the Meeting and became filled with the Holy Spirit in preliminary praises. I did not cough even though I sang loudly. When

Speaker Senior Pastor Soojin Lee named "tonsillitis" in her prayer for the sick, I said "Amen" and my throat felt refreshed.

After that, all the pain in my throat was completely gone, and I no longer felt irritated when I swallowed my saliva. Now, I can eat spicy kimchi without any sore throat. And I can pray fervently and sing praises loudly, so I am so happy. I give all thanks and glory to God who cured me.

## Why did they divide Jesus' outer garments and cast lots for His tunic (2)

The meaning of the tunic was without seam, woven from the top in one piece.

### 2. The meaning of Jesus' tunic was without seam, woven from the top in one piece.

John 19:23 says, "Now the tunic was without seam, woven from the top in one piece." Jesus' tunic was not made by sewing together several pieces of cloth, but was woven in one piece from the top. People generally do not pay much attention to whether undergarments are woven from the top or from the bottom.

But why did God record Jesus' tunic in such detail? Jesus is the King of Israel and His tunic represents an inner heart of the people of Israel and their faith in God. So, it tells us that Israel is a pure, single nation without intermarriage with Gentiles.

The Bible says that Adam is the father of mankind Abraham, the father of faith, and Jacob, the father of God's Elect Israel. God gave Jacob a new name 'Israel' and formed the twelve tribes of Israel through his twelve sons. God saw Jacob's good and spiritual heart, and formed the nation of Israel through him.

The people of Israel lasted as a single race for long without intermarrying with other races, and have served only God the one Deity. The phrase "woven from the

"Then the soldiers,  
when they had crucified Jesus,  
took His garments and made four  
parts, to each soldier a part,  
and also the tunic.

Now the tunic was without seam,  
woven from the top in one piece.

They said therefore among  
themselves, 'Let us not tear it,  
but cast lots for it, whose it shall be,'  
that the Scripture might be fulfilled  
which says: 'They divided  
My garments among them,  
and for My clothing they cast lots.'  
Therefore the soldiers did  
these things."

(John 19:23-24)

top" means that they descended as a single pure people from Abraham and Jacob, and through the twelve tribes of Israel.

The reason God appointed as the father of Israel, Jacob, not Abraham is because the twelve tribes were formed through Jacob and they formed the nation of Israel.

Genesis 35:10-11 reads, "And God said to him [Jacob], 'Your name is Jacob; You shall no longer be called

Jacob, but Israel shall be your name.' Thus He called him Israel. God also said to him, 'I am God Almighty; be fruitful and multiply; a nation and a company of nations shall come from you, and kings shall come forth from you.'"

Israel was established as a pure, single nation through the twelve sons of Jacob. However, during the reign of King Rehoboam, the son of Solomon, Israel was divided into the northern Israel and the southern Judah. With the passing of time, the northern Israel intermarried with Gentiles and became a mixed race. The southern Judah continued to have pure bloodlines without mixing with Gentiles, who are called 'Jews.'

The sentence that Jesus' tunic was without seam, woven from the top in one piece symbolizes that Israel has been a pure, single nation that has not mixed with Gentiles since it was formed by Jacob.

But the ones God want to have are not those who have a pure bloodline but those whose heart belongs to God in spirit. Therefore, we should have a pure heart without falsehood before God. We should possess a pure heart and God-pleasing faith instead of leading a religious life outwardly.
